From: C. Sedoryk, General Manager/CEO

Subject: Purchase Authority

RECOMMENDATION:

Recommend to full board changes to purchasing threshold levels.

FISCAL IMPACT:

None.

POLICY IMPLICATIONS:

The Monterey-Salinas Transit (MST) Board sets purchasing threshold levels.

DISCUSSION:

Your Board sets purchase authority thresholds for staff to follow to determine the parameters around the solicitation of competitive costs proposals for goods and services consumed by MST to ensure the best value if received while reducing overall administrative burden of the procurement. The current attached Purchasing Thresholds adopted by your board were last updated December 2010 and conform with Federal Transit Administration guidelines and requirements established in the MST District enabling legislation AB644.

Part of the Purchasing Threshold includes the level at which the General Manager/CEO must receive Board approval. The current amount of $25,000 has not been updated since it was established in August 2002. A survey of several transit operators of either comparable size or operating within the central coast region was conducted to determine the current purchasing authority of the respective General Manager/CEO was in the past month. The results are displayed in the table below:
