YOHANA REYES AUGUST 2023 EMPLOYEE OF THE MONTH

WHEREAS, each month Monterey-Salinas Transit District recognizes an outstanding employee as Employee of the Month; and

WHEREAS, the Employee of the Month is recognized for their positive contribution to MST and to the entire community; and

WHEREAS, Yohana Reyes began her career with Monterey-Salinas Transit as a Mobility Assistant in 2019 and was later promoted to a Mobility Specialist in 2021 within the Mobility Department and;

WHEREAS, Yohana Reyes assisted the Mobility Department in making wellness checkin calls to homebound seniors during the pandemic. This resulted in more than 1,000 phone calls being placed to Monterey County residents. She also assisted the Human Resources Department while they were short staffed; and

WHEREAS, Yohana Reyes has assumed the responsibility of providing staff support in the MST RIDES program. She exchanged her role from overseeing the Navigator Volunteer Program to taking over the entire administrative function of the Taxi Voucher Program and the Taxi ADA Certification Training (TACT) for taxicab drivers. TACT certificates are required for taxi licensing and permitting and enable taxicab drivers to accept vouchers as a form of payment.

NOW THEREFORE, BE IT RESOLVED that the Board of Directors of Monterey-Salinas Transit District recognizes Yohana Reyes as Employee of the Month for August 2023; and

BE IT FURTHER RESOLVED that Yohana Reyes is to be congratulated for her outstanding performance, dedication, and supreme effort toward the success of MST in fulfilling its mission.

THE BOARD OF DIRECTORS OF MO	ONTEREY-SALINAS TRANSIT DISTRICT
PASSED AND ADOPTED RESOLUTION 202	24-02 this 11th day of September 2023.

RENALDO HERNANDEZ SEPTEMBER 2023 EMPLOYEE OF THE MONTH

WHEREAS, each month Monterey-Salinas Transit District recognizes an outstanding employee as Employee of the Month; and

WHEREAS, the Employee of the Month is recognized for their positive contribution to MST and to the entire community; and

WHEREAS, Renaldo Hernandez began his career with Monterey-Salinas Transit in April of 1989 as a Coach Operator. He has received numerous accolades for his outstanding performance, and;

WHEREAS, Mr. Hernandez was previously employee of the month in October 2019, February 2000 and November 1994 for his exceptional customer service. He was recognized as Employee of the Year in 2019; and

WHEREAS, Renaldo Hernandez has consistently delivered exceptional customer service while prioritizing the safety and reliability of the public transit experience. This year, he proudly celebrated this 29th remarkable year of Safety Driving.

NOW THEREFORE, BE IT RESOLVED that the Board of Directors of Monterey-Salinas Transit District recognizes Renaldo Hernandez as Employee of the Month for September 2023; and

BE IT FURTHER RESOLVED that Renaldo Hernandez is to be congratulated for his outstanding performance, dedication, and supreme effort toward the success of MST fulfilling its mission.

General Manager/CEO

Blank Page

To: Board of Directors

From: Lori Lee, Accountant

Subject: FINANCIAL REPORTS – JUNE 2023

RECOMMENDATION:

1. Accept report of June 2023 cash flow presented in Attachment #1

2. Approve June 2023 disbursements listed in Attachment #2

3. Accept report of June 2023 treasury transactions listed in Attachment #3

FISCAL IMPACT:

The cash flow for June is summarized below and is detailed in Attachment #1.

Ending balance June 30, 2023

Beginning balance June 1, 2023	\$57,211,113
Revenues	6,402,201
Disbursements	<4,892,842>

POLICY IMPLICATIONS:

Disbursements are approved by your Board each month and are shown in Attachment #2. Treasury transactions are reported to your Board each month and are shown in Attachment #3.

DISCUSSION:

By the end of June 2023, using the Board approved FY 2023 Budget, MST had a \$10,026,376 year-to-date surplus to budget on the fixed-route operations and a \$1,328,952 surplus to budget on the MST RIDES operations, resulting in an overall year-to-date surplus of \$11,355,328.

\$58,720,472

The following fixed-route expenses have negative variances of greater than 5% and have a monetary value greater than \$5,000 as seen in the June Budget vs. Actual reports contained in Attachment #4:

- Professional & Technical This 45.5% negative variance can be primarily attributed to the reclassifying of expenses for State Legislative Representation previously recorded as capital. This expense has been reviewed and determined to be operating thereby necessitating the need for this reclass entry. In that regard, the year-to-date expenses in this category are actually 48.8% under budget.
- 2. Outside Services This 21.3% negative category variance for the month of June is the result of the timing of the vendor payment for MST's scheduling software. In that regard, the year-to-date expenses in this category are actually 22.6% under budget.
- 3. Insurance This negative 15.8% variance for the month of June is a result of CalTIP liability premium/deductible payments which exceed the amount originally budgeted for the fiscal year. This fiscal year-to-date true up entry recorded during June reflects the unforeseen negative variance of 30.4% in this category.
- 4. Interest Expense This 213.2% negative variance was the result of timing in accordance with federal (TIFIA) loan interest payment terms. These interest payments are made during the months of January and July. For the fiscal year, this category was 20.4% below budget.

A detail of disbursements can be viewed within the GM Report at: http://www.mst.org/about-mst/board-of-directors/board-meetings/

To: Board of Directors

From: Lori Lee, Accountant

Subject: FINANCIAL REPORTS – JULY 2023

RECOMMENDATION:

1. Accept report of July 2023 cash flow presented in Attachment #1

2. Approve July 2023 disbursements listed in Attachment #2

3. Accept report of July 2023 treasury transactions listed in Attachment #3

FISCAL IMPACT:

The cash flow for July is summarized below and is detailed in Attachment #1.

Beginning balance July 1, 2023	\$58,720,472
Revenues	1,652,367
Disbursements	<5,243,151>

Ending balance July 31, 2023 <u>\$55,129,688</u>

POLICY IMPLICATIONS:

Disbursements are approved by your Board each month and are shown in Attachment #2. Treasury transactions are reported to your Board each month and are shown in Attachment #3.

DISCUSSION:

By the end of July 2023, using the Board approved FY 2024 Budget, MST had a \$587,264 year-to-date surplus to budget on the fixed-route operations and a \$104,628 surplus to budget on the MST RIDES operations, resulting in an overall year-to-date surplus of \$691,892.

Budget vs. Actual Revenue & Expense reports can be viewed within the new Monthly Report for July 2023 under D.c.2 and D.c.3

ATTACHMENT(S):

- 1. July 2023 Cash Flow
- 2. July 2023 Disbursements
- 3. July 2023 Treasury Transactions4. July 2023 Detail of Disbursements

Agenda # **3-6**September 11, 2023 Meeting

To: Board of Directors

From: Beronica Carriedo, Customer Service & Community Relations Supervisor

Subject: Disposal of Unclaimed Items Left on MST Property

RECOMMENDATION:

Receive Report on Lost and Found Items Left on MST Property for the Month of March.

FISCAL IMPACT:

There are no fiscal impacts to receiving this report.

POLICY IMPLICATIONS:

Your Board adopted MST's Disposal of Lost and Found Property Policy.

DISCUSSION:

Per MST's revised Disposal of Lost and Found Property policy during shelter in place adopted on April 6, 2020, MST shall suspend collection and storage of lost personal items with an estimated value of less than \$100. Unless prohibited by law, lost, and found personal items with an estimated value of less than \$100 shall be treated as potentially hazardous and disposed of immediately. These items include but are not limited to umbrellas, articles of clothing, pill containers, glasses, etc.

Items reasonably estimated with a value of greater than \$100 shall only be handled by employees wearing personal protective equipment (such as gloves, masks, etc.), and stored in a secure area to limit possible exposure of COVID-19 to MST employees. All wallets/purses with identifying information and Driver's License or Identification Cards will continue to be retained for 90 days before being disposed. MST makes an attempt to contact the owners of Lost and Found items with identifying information.

Reviewed by:

March 2023: Item(s) with an estimated fair market value of \$100 or more: None

1. CALL TO ORDER

1-1. Roll Call

1-2. Introduction of Guests

Chair Macias called the meeting to order at 1:01 p.m. Roll call was taken, and a quorum was established with Members Magaña, Fernandez, Jimenez, Garcia noted as absent.

2. PUBLIC COMMENTS ON MATTERS NOT ON THE AGENDA

There were no public comments.

3. CONSENT AGENDA

3-1. Approve Minutes of the regular meeting of January 25, 2023 (Chair)

There were no public comments.

On a motion by Committee Member McKillip, seconded by Committee Member Merritt and carried by the following vote, which was conducted by roll call, the Committee approved the Minutes:

AYES: 6 Ramirez, Macias, Hernandez, Merritt, McKillip and Gross

NOES: 0

ABSENT: 4 Magaña, Fernandez, Jimenez, Garcia

ABSTAIN: 0

4. PRESENTATION

- 4-1. Recognition for 5 Years of Service for Committee Member Fernandez (Chair)
- 4-2. Recognition for 5 Years of Service for Committee Member McKillip (Chair)
- 4-3. Recognition for 5 Years of Service for Committee Member Gross (Chair)
- 4-4. Recognition for 6 Years of Service for Committee Member Magaña (Chair)
- 4-5. AMBAG 2023-Public Participation Plan (Miranda Taylor)
- 4-6. Measure X Senior & Disabled Transportation Program-Cycle 3 Grants (Aaron Hernandez)

The Committee received a presentation from Miranda Taylor, on AMBAG's 2023 Public Participation Plan.

The Committee received a presentation from Aaron Hernandez, from the Transportation Agency for Monterey County on Measure X Senior & Disabled Transportation Program-Cycle 3 Grants.

There were no public comments.

5. PUBLIC HEARING

5-1. Unmet Transit Needs Public Hearing (Aaron Hernandez)

- 5-1.1. **RECEIVE** presentation on the unmet transit needs process;
- 5-1.2. **OPEN** the public hearing on unmet transit needs;
- 5-1.3. **RECEIVE** public comment; and
- 5-1.4. **CLOSE** the public hearing.

There were no public comments.

6. REPORTS AND INFORMATION ITEMS

- 6-1. MV Transit-MST RIDES Service Update (Kevin Allshouse/David Cox)
- 6-2. MST Mobility Programs Updates (Cristy Sugabo)

The Committee received a report from David Cox, MV Transportation on MST fixed-route and RIDES transit service.

The committee received an update from Cristy Sugabo, MST Mobility Manager, on Mobility Programs.

7. SUBJECT ITEM REQUEST

7-1. None

8. ANNOUNCEMENTS AND APPRECIATIONS

Norman Tuitavuki, Chief Operating Officer, recognized Marzette Henderson for representing MST in transit support coordination during the State of Emergency in Monterey County from severe flooding.

Marzette Henderson, Transportation Manager, presented certificates of appreciation to Kevin Allshouse, David Cox, Maria Garcia, and Hope Ramirez, for their support in the State of Emergency in Monterey County severe flooding evacuations.

9. ADJOURN

With no further business to discuss, Chair Macias adjourned the meeting at 2:00 p.m. (Pacific Time).

Agenda # **3-8**September 11, 2023 Meeting

To: Board of Directors

From: Norman K. Tuitavuki, Chief Operating Officer

Subject: Security Foot and Mobile Patrol Services

RECOMMENDATIONS:

Ratify a one-year contract extension with Allied Universal for security foot and mobile patrol services in an amount not to exceed \$288,154.

FISCAL IMPACT:

The total amount for the one-year contract extension is \$288,154. The cost of this service is partially funded by an FTA 5307 Federal Operating grant that allows for 1% of the grant amount to be expended towards the cost of security. The remainder of the cost is available in the FY 2024 MST Board-approved budget.

POLICY IMPLICATIONS:

Your Board approves all contracts of \$100,000 or more.

DISCUSSION:

In 2020, MST completed a formal solicitation to identify a security firm that can provide foot and mobile patrol for MST. The result of the solicitation was a recommendation to this Board to award a contract to Allied Universal to provide all security services for MST for an initial three (3) year contract with up to two additional one-year extensions. This Board approved staff's recommendation and awarded the contract to Allied Universal and requested that a renewal of the contract be brought to the Board.

Staff is pleased with Allied Universal's performance and recommends this Board ratify the one-year extension.

Prepared by: Norman K. Juitului Reviewed by: Carl G.

Carl G. Sedoryk

General Manager/CEO

To: Board of Directors

From: Steven Bruno, Purchasing Agent

Subject: Uniform and Linen Services

RECOMMENDATION:

Authorize the General Manager/CEO to enter into a five-year contract with Cintas for uniform and linen services for a total contract amount not to exceed \$1,082,500.

FISCAL IMPACT:

Uniform and linen services are included in the FY2023/24 and FY2024/25 Budget. All services will be covered by the Board-adopted Budgets in future years. These services will be paid for using local funds.

POLICY IMPLICATIONS:

Your Board approves purchases over \$100,000.

DISCUSSION:

MST's current contract with Cintas, for which MST entered via a purchasing cooperative, expires on October 28, 2023. A new purchasing cooperative, Omnia Partners, competitively bid uniform and linen services and Cintas was awarded the contract.

Staff recommends piggybacking off of the Omnia Partners contract and continuing MST's relationship with Cintas for uniform and linen services. The initial solicitation included an agreement that public agencies are allowed to piggyback off the agreement for services.

Uniform and linen services are required to support the maintenance department with uniforms and towels under the ATU collective bargaining agreement.

Kevin Allshouse Contract Services Manager

Counsel: Michael D. Laredo De Lay & Laredo

1. CALL TO ORDER

Chair Sid Williams called the meeting to order at 1:00 p.m. Roll call was taken and a quorum was established.

A point of order was made by Counsel, Michael Laredo that due to how Measure Q Oversight Committee meetings are formulated with approval action required, committee members will be counted as absent when attending via Zoom.

2. PUBLIC COMMENTS ON MATTERS NOT ON THE AGENDA.

There were no public comments.

3. CONSENT AGENDA

3-1. Approve Minutes of the Measure Q Oversight Committee on August 22, 2022. (Jeanette Alegar-Rocha)

3-2. Receive MST Board Membership Appointments to Measure Q Oversight Committee from April 10, 2023. (Lisa Rheinheimer)

There were no public comments on the consent agenda.

Committee member Macias made the motion to approve the consent agenda which was seconded by Committee member Dayton. The motion passed unanimously with Winge and Lopez absent.

4. ACTION ITEMS

4-1. Review Measure Q Revenues and Expenses from the Annual Comprehensive Financial Report from FY 2022 and Provide a Letter to the MST Board of Directors that Measure Q Funds Were Spent on Eligible Expenses. (Lisa Rheinheimer).

There were no public comments on action item 4-1.

Committee member Dayton asked what percentage of MST RIDES is used for dialysis transportation. Lisa Rheinheimer reported that 40% of MST RIDES trips are for dialysis.

Chair Williams asked if special medical trips to Palo Alto include clinics and hospitals in Menlo Park. Kevin Allshouse, Contract Services Manager, confirmed that special medical trips to Palo Alto included medical facilities in Menlo Park.

Committee member Merritt made the motion to approve a letter to the MST Board of Directors providing an opinion that Measure Q funds were spent on eligible expenses which was seconded by Committee member Dayton. The motion passed unanimously with Winge and Lopez absent.

5. CLOSED SESSION

None

6. COMMITTEE COMMENTS AND ANNOUNCEMENTS

Committee member Dayton reminded the Committee that he serves on the TAMC, Measure X review and Senior and Disabled Grant review to be aware of the overlap funding applications among of the agencies.

7. ADJOURN

There being no further business, Chair Williams adjourned the meeting at 1:12 p.m. (Pacific).

1. CALL TO ORDER

Chair Sid Williams called the meeting to order at 1:00 p.m. Roll call was taken and a quorum was established.

2. PUBLIC COMMENTS ON MATTERS NOT ON THE AGENDA.

Ikuyo Yoneda-Lopez, Marketing & Communications Manager invited the Measure Q Oversight Committee members to the MST 50th Anniversary of Service celebration at 11:30 a.m., Friday, September 1, 2023, at the Monterey Bay Operations and Maintenance Facility located at One Ryan Ranch Road, in Monterey, CA.

Chair Williams asked for an email reminder with details of the event.

Committee member Dayton asked if details would be available on social media.

Ms. Lopez confirmed that an email will be sent to the Committee and details will be available on social media for the public celebration.

3. CONSENT AGENDA

3-1. Approve Minutes of the Measure Q Oversight Committee on April 17, 2023. (Jeanette Alegar-Rocha)

There were no public comments on the Consent Agenda.

Committee member Winge made the motion to approve the Consent Agenda which was seconded by Committee member Macias The motion passed 5-0-1.

4. ACTION ITEMS

4-1. Receive Measure Q Programs Update. (Cristy Sugabo)

There were no public comments on item 4-1.

Committee member Winge asked if the new Better Bus Network Line 96 took away the previous Senior Lines 91, 92, 93, 94, 95. Cristy Sugabo responded that the new Line 96 did not take away the previous Senior Shuttles.

4-2. Review Measure Q FY 2024 and 2025 Budget Adopted by the MST Board of Directors. (Lisa Rheinheimer)

There were no public comments on action item 4-2.

Committee member Macias asked what represented the "Other Funds" in the amount of \$1,269,000 on Attachment 1 of the FY2024 and FY2025 Budget. Norman Tuitavuki, Chief Operating Officer responded that this represents a new Non-Emergency Medical Trips (NEMT) program for trips that are eligible for Medical reimbursement.

5. CLOSED SESSION

None

6. COMMITTEE COMMENTS AND ANNOUNCEMENTS

6-1. Receive County of Monterey Announcement: Non-Urbanized South County City Vacancy on Measure Q Committee.

Committee member Dayton reminded the Committee that he serves on the TAMC Measure X Oversight Committee and tracks possible overlap in funding applications between TAMC's Measure X and MST's Measure Q programs.

Chair Williams requested that the County of Monterey announcement in item 6-1 be emailed to him to forward to potential applicants to the Measure Q Oversight Committee.

7. ADJOURN

There being no further business, Chair Williams adjourned the meeting at 1:28 p.m. (Pacific).

Deputy Secretary/Clerk to the Board

Carl G. Sedoryk

General Manager/CEO

To: Board of Directors

From: Matthew Deal, Grants Analyst

Subject: Volkswagen (VW) Environmental Mitigation Trust Fund

RECOMMENDATION:

Approve Resolution 2024-04 authorizing the General Manager/CEO to execute certifications and assurances, authorized agent forms and implementation of Volkswagen (VW) Environmental Mitigation Trust Fund Projects.

FISCAL IMPACT:

There are \$2,592,000 in Volkswagen (VW) Environmental Mitigation Trust Fund monies available to use as a local match for replacing 12 biofuel buses with 12 battery electric buses for use on the SURF! Busway and Bus Rapid Transit (BRT) Project.

POLICY IMPLICATIONS:

The terms of the Volkswagen (VW) Environmental Mitigation Trust Fund Program require that your Board authorize the filing of the applications requesting \$2,592,000 from the San Joaquin Air Pollution Control District (APCD).

DISCUSSION:

The Volkswagen (VW) Environmental Mitigation Trust (Trust) provides about \$423 million for California to mitigate the excess nitrogen oxide (NOX) emissions caused by VW's use of illegal emissions testing defeat devices in certain VW diesel vehicles. The Trust is a component of partial settlements with VW and is enumerated in the first Partial Consent Decree as Appendix D. As required by the Consent Decree, California developed a Beneficiary Mitigation Plan (Plan) through an extensive public process, and that plan was approved by the California Air Resources Board in May 2018.

The Consent Decree provides funding opportunities for specified eligible actions that are focused mostly on "scrap and replace" projects for the heavy-duty sector, including on-road freight trucks, transit and shuttle buses, school buses, forklifts and port cargo handling equipment, commercial marine vessels, and freight switcher locomotives.

California Air Resources Board entered into agreements with Bay Area Air Quality Management District (AQMD), San Joaquin APCD and South Coast AQMD to administer specific funding categories defined in the Beneficiary Mitigation Plan, each

on a statewide basis with the goal of ensuring that 50 percent of the total funding benefit low-income or disadvantaged communities.

The program MST is applying for is managed by San Joaquin APCD. To receive funds your Board must approve the attached resolution, which authorizes the General Manager/CEO to execute all required documents.

General Manager/CEO

RESOLUTION 2024-04

RESOLUTION AUTHORIZING THE MONTEREY-SALINAS TRANSIT DISTRICT TO MAKE APPLICATIONS FOR AND TO SIGN CERTAIN ASSURANCES WITH RESPECT TO APPLICATIONS FOR LOCAL, STATE, AND FEDERAL PROGRAMS. PROJECTS OR GRANTS

WHEREAS, several Local, State, and Federal programs allow public transportation providers to apply for administration, capital, and operation assistance programs or grants; and

WHEREAS, the Monterey-Salinas Transit District governing Board of Directors must authorize someone by resolution, as the "Authorized Individual" to make applications and administer the Volkswagen Environmental Mitigation Trust Funds;

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Monterey-Salinas Transit District hereby authorizes the General Manager / CEO to make applications for, to sign required assurances, and to administer the Volkswagen Environmental Mitigation Trust Funds with respect to applications for Local, State, and Federal programs, projects, or grants, on behalf of the Monterey-Salinas Transit District.

PASSED AND ADOPTED BY THE BOARD OF DIRECTORS OF THE MONTEREY-SALINAS TRANSIT DISTRICT this 11th day of September 2023 by the following vote:
AYES:
NOES:
ABSENT:

To: Board of Directors

From: Matthew Deal, Grants Analyst

Subject: Transit and Intercity Rail Capital Program

RECOMMENDATION:

Approve Resolution 2024-05 authorizing the General Manager/CEO to execute a Master Agreement and Program Supplement for the Transit and Intercity Rail Capital Program (TIRCP).

FISCAL IMPACT:

The Master Agreement will cover the State TIRCP Cycle 5 \$25 Million grant award for the SURF! Busway and Bus Rapid Transit (BRT) Project. The Resolution will also allow MST to secure additional TIRCP funds in the coming years for zero emissions bus and supporting infrastructure.

POLICY IMPLICATIONS:

The terms of the TIRCP require that your Board authorize the filing of an executed 10-year Master Agreement and Program Supplement for state funded transit projects with the California Department of Transportation.

DISCUSSION:

The State's Transit and Intercity Rail Capital Program (TIRCP) was created nearly 10 years ago to fund transformative capital improvements that will modernize California's intercity, commuter, and urban rail systems, and bus and ferry transit systems, to significantly reduce emissions of greenhouse gases, vehicle miles traveled, and congestion. Through the six cycles of TIRCP funding, the California State Transportation Agency (CalSTA) has awarded more than \$10 billion in funding to 132 projects throughout the state. MST received a \$10M award in the first cycle to update the Monterey Bay Operations and Maintenance Facility (completed in 2018). MST received an award of \$25 Million for the SURF! Busway and Bus Rapid Transit Project in Cycle 5 of the TIRCP. With the adoption of the FY23-24 State budget, MST will be eligible for additional TIRCP funds. To receive these funds, MST must enter into a Master Agreement and Program Supplement for each project.

Staff recommends your Board approve the attached resolution, which authorizes the General Manager/CEO to execute a 10-year Master Agreement and Program Supplement for state funded transit projects with the California Department of Transportation.

RESOLUTION 2024-05

AUTHORIZATION FOR THE EXECUTION OF A MASTER AGREEMENT AND PROGRAM SUPPLEMENT FOR STATE-FUNDED TRANSIT PROJECTS UNDER THE TRANSIT AND INTERCITY RAIL CAPITAL PROGRAM

WHEREAS, the Monterey-Salinas Transit District may receive state funding from the California Department of Transportation (Department) now or sometime in the future for transit projects; and

WHEREAS, substantial revisions were made to the programming and funding process for the transportation projects programmed in the Transit and Intercity Rail Capital Program, by Chapter 36 (SB 862) of the Statutes of 2014; and

WHEREAS, the statutes related to state-funded transit projects require a local or regional implementing agency to execute an agreement with the Department before it can be reimbursed for project expenditures; and

WHEREAS, the Department utilizes Master Agreements for State-Funded Transit Projects, along with associated Program Supplements, for the purpose of administering and reimbursing state transit funds to local agencies; and

WHEREAS, Monterey-Salinas Transit District wishes to delegate authorization to execute these agreements and any amendments thereto to the General Manager/CEO, or their designee.

NOW, THEREFORE, BE IT RESOLVED by the Board of the Directors of Monterey-Salinas Transit District that the fund recipient agrees to comply with all conditions and requirements set forth in this agreement and applicable statutes, regulations and guidelines for all state-funded transit projects.

BE IT FURTHER RESOLVED that the General Manager/CEO, or their designee, be authorized to execute the Master Agreement, all Award Agreements, and all Program Supplements for State-Funded Transit Projects and any Amendments thereto with the California Department of Transportation.

1-2. Introduction of Guests

Chair Macias called the meeting to order at 1:01 p.m. A quorum was established. Member Ramirez arrived at 1:05 p.m. Member Jimenez arrived at 1:09 p.m. Members Fernandez noted as absent and member Magaña attended the meeting via Zoom and noted as a non-voting member.

2. PUBLIC COMMENTS ON MATTERS NOT ON THE AGENDA

There were no public comments.

3. CONSENT AGENDA

3-1. Approve Minutes of the regular meeting of Meeting 29, 2023 (Chair)

There were no public comments.

On a motion by Committee Member Merritt, seconded by Committee Member McKillip, the Committee approved the Minutes unanimously.

4. NEW BUSINESS

4-1. Attendance Confirmation Feedback Request (Steven Macias)

Member Macias mentioned a full year calendar invitation, email reminders, and phone calls would be helpful. Member McKillip recalled a full year calendar invitation was past practice. Member Magaña mentioned phone calls and text messages are helpful. Member Hernandez suggested using an alternate location and a full year calendar invitation.

5. PRESENTATION

- 5-1. AMBAG Draft 2023 Public Participation Plan (Heather Adamson)
- 5-2. CCCIL In-Service Presentation (Maria Magaña)
- 5-3. ITN Rural Project Updates (Jessica McKillip)

Item 5-1: The Committee received a presentation from Heather Adamson, on the AMBAG Draft 2023 Public Participation Plan.

- Item 5-2: The Committee received a presentation from Maria Magaña, on CCCIL Services.
- Item 5-3: The Committee received a presentation from Jessica McKillip, on updates from the ITN Rural Project.

There were no public comments on items 5-1 through 5-2.

6. REPORTS AND INFORMATION ITEMS

6-1. MV Transit-MST RIDES Service Update (Kevin Allshouse/David Cox)

6-2. MST Mobility Programs Updates (Cristy Sugabo)

Item 6-1: The Committee received a report from David Cox, MV Transportation on MST fixed-route and RIDES transit service.

Item 6-2: The Committee received an update from Cristy Sugabo, MST Mobility Manager, on MST Mobility Programs.

7. SUBJECT ITEM REQUEST

Member Gross expressed concern that seniors from Chualar to King City no longer have access to their closest bus stop locations. She stated that seniors walk a mile to Taylor Farms Family Health & Wellness Center, and Soledad seniors walk farther to the bus stop from their apartments.

Member Magaña asked what the process is to request a bus stop bench near the Montecito Apartments in the Salinas area. She inquired on behalf of a senior who expressed concern that the bus stop does not have a bench to sit on while waiting for the bus.

8. ANNOUNCEMENTS AND APPRECIATIONS

None

9. ADJOURN

With no further business to discuss, Chair Macias adjourned the meeting at 2:22 p.m. (Pacific Time).

Subject: MST Rider and Non-Rider Survey Results

RECOMMENDATION:

Receive presentation on results of the MST Rider and Non-Rider Survey.

FISCAL IMPACT:

Consultant fees to conduct the surveys were \$66,000 and included in the Board adopted FY 2022/23 and FY 2023/24 budget.

POLICY IMPLICATIONS:

MST surveys riders and non-riders in its service area bi-annually to better understand the rider experience and gather opinions about the agency and service.

DISCUSSION:

MST executed the Non-Rider survey in Winter 2022 and the Rider survey in Spring 2023.

The Rider survey was administered primarily onboard buses, and secondarily at transit locations and bus stops through paper surveys in Spring 2023. In addition to paper surveys, riders also had the option to scan a QR code and complete the survey electronically. The written and online survey was available in English and Spanish, and most of the survey team members were bilingual. Over 560 completed surveys were collected across all MST lines.

Key findings of the Rider survey:

- 87% of respondents have an "excellent" or "good" overall
- impression of MST.
- 91% of respondents say that bus operators' driving is "excellent" or "good".
- 82% of respondents say that the cleanliness of the buses are "excellent" or "good".

- 88% of respondents have a mobile device.
- 44% of respondents ride MST 5-7 days a week.
- 39% of respondents have been using MST for 5+ years.
- 63% of respondents indicated that they do not have a valid driver's license.
- Over 70% of riders feel that zero-emission buses and reducing GHG emissions is important.
- 38% of riders learn about service changes and trip planning on the bus.

The Non-Rider survey was conducted in Winter 2022 to gather information from members of the community who had not used public transit for at least the last year. 409 surveys were completed by community members. The survey and cover letter, in English and Spanish, and postage-paid envelope were mailed to a random sample of households in MST's service area. An option to complete the survey online was also available. Social media advertisements with links to the online survey, encouraging participation in the survey were also carried out.

The Non-Rider survey helps MST better understand what potential opportunities exist and the key messages to focus on to inform and attract non-riders to use MST services.

Key findings of the Non-Rider survey:

- More than 95% of residents believe that MST services are valuable to the community.
- 94% of residents agree that public transportation is important for a thriving community.
- Frequency and travel time were the two highest-rated factors that would encourage non-riders to use MST services.
- Over 77% of residents believe that investments in transportation through improved bus networks and bus rapid transit are important.

To: Board of Directors

From: Carl Sedoryk, General Manager/CEO

Subject: Keep Fort Ord Wild and the Open Monterey Project vs MST

RECOMMENDATION:

Receive report of status of litigation against MST on the SURF! Busway and Bus Rapid Transit Project (Monterey County Superior Court Case No. 21CV002192).

FISCAL IMPACT:

None at this time.

POLICY IMPLICATIONS:

The dismissal of the litigation against the SURF! Project affirms MST's previous actions with regard to project approvals and direction.

DISCUSSION:

In 2021, Keep Fort Ord Wild and the Open Monterey Project filed litigation against MST in relation to the SURF! Project approvals.

A joint case management conference regarding the case was scheduled for July 25, 2023. In advance of the conference, the MST legal team briefed plaintiff's counsel, Molly Erickson, on issues of fees and mootness. Plaintiff's counsel found the arguments convincing and MST counsel received a request from Ms. Erickson for dismissal of the case. According to the Superior Court online portal, the request for full dismissal was filed on July 21, 2023. With the request for full dismissal from SNG Evariste LLC filed on April 17, 2023, that case is now closed as well.

With the action taken by Ms. Erickson on behalf of Keep Fort Ord Wild and The Open Monterey Project, there are no further legal actions against MST on the SURF! Busway and Bus Rapid Transit project.

Prepared by:

Carl G. Sedoryk General Manager/CEO

To: Board of Directors

From: Michelle Overmeyer, Director of Planning & Innovation

Subject: Line 59 Salinas-Gilroy

RECOMMENDATION:

Authorize the General Manager/CEO to execute a Memorandum of Understanding (MOU) with Santa Clara Valley Transportation Authority (VTA) for Line 59 Salinas-Gilroy for a two-year partnership in the amount of \$128,750.

FISCAL IMPACT:

Santa Clara VTA will contribute \$50,000 in Fiscal Year (FY) 23-24 and \$78,750 in FY 24-25 to support operating expenses of Line 59 Salinas-Gilroy.

POLICY IMPLICATIONS:

Partnership programs are part of the Board's Strategic Action Plan.

DISCUSSION:

In early 2020, service between Monterey and Santa Clara County was discontinued due to the COVID-19 pandemic. Subsequently, MST underwent a Comprehensive Operational Analysis that resulted in the Better Bus Network that took effect in December 2022. Public comments, and customer service reports that continue to be received, indicate a desire for MST to return service into Santa Clara County. A future service between Salinas and Gilroy was identified in the "High" Scenario; a condition that would take effect should additional funding become available.

Line 59 Salinas-Gilroy was designed to provide four round trips between Salinas and Gilroy Caltrain Station. The service will connect Monterey County passengers to Caltrain rail service, as well as Santa Clara VTA and San Benito bus services at the Gilroy Station. In Monterey County, passengers can board Line 59 at:

- Salinas Intermodal Transportation Center (Amtrak Station)
- Salinas Transit Center
- Prunedale Park & Ride

MST submitted the Line 59 proposal to State of California and was successful in securing a 5311(f) Intercity Bus grant (\$300,000) to operate service between Salinas and Gilroy in FY23-24. Additionally, staff has worked with Santa Clara VTA staff to develop a partnership for agency support of the new service. Santa Clara VTA has expressed interest in helping fund the service over a two-year period. MST would apply to the State of California in spring 2024 for continued grant funding for FY24-25 should the Line 59 be successful in its first year.

Line 59 is scheduled to begin service Monday, October 30, 2023 and offer four weekday round trips. No weekend service is planned at this time due to coach operator staffing limitations.

Staff recommends that the MST Board authorize the General Manager/CEO to execute an MOU with Santa Clara VTA for a two-year partnership.

Subject: Monthly Report – June & July 2023

Attached is a summary of monthly performance statistics for the Transportation, Maintenance, and Administration departments for June 2023 (Attachment 1).

Also attached is a new Monthly Report to the Board for July 2023 (Attachment 2). For the fiscal year ending June 30, 2023, ridership has increased 19.4% and revenue hours operated have increased 2.1%, resulting in a 17% increase in productivity (from 8.9 PPH to 10.4 PPH). MST operated services continue to fall within the performance standards as detailed within performance standards. MST RIDES passenger boardings remained unchanged over the past year with On-Time Performance and Miles Traveled Between Preventable Collisions metrics falling below standard for the year.

The new Monthly Report is the outcome of numerous meetings between staff and your Board's ad hoc Board Performance Committee consisting of Board Chair Velazquez (Soledad), Vice-Chair Carbone (Sand City) and board member Baron (Carmel-by-the Sea). The new Monthly Report format aligns monthly reporting with MST's vision of Connecting Communities, Creating Opportunity and Being Kind to Our Planet, by focusing attention on performance metrics tied to People, Planet, and Performance.

The following staff members are acknowledged for their participation in the development and delivery of the new Monthly Report package:

Lisa Rheinheimer, Assistant General Manager
Norman Tuitavuki, Chief Operating Officer
Kelly Halcon, Director of HR & Risk Management
Michelle Overmeyer, Director of Planning, and Innovation
Jeanette Alegar-Rocha, Deputy Secretary/Clerk to the Board
Ikuyo Yoneda-Lopez, Marketing & Communications Manager
Ursula Scardina, Marketing Assistant
Andrea Williams, Finance Manager
Lisa Cox, Risk and Security Manager
Jarred Augusta, Safety & Training Officer
Elena Grigorichina, Operations Specialist
Emma Patel, Planning Manager
Matthew Deal, Grants Analyst

Attachment #3 contains an update on progress toward the completion of your Board FY 2021 – FY 2025 Strategic Plan and FY 2023 Action Plan Update.

June 26 – 29, 14 members of MST staff participated in the Federal Transit Administration's (FTA) Triennial Review to ensure that awards are administered in accordance with the requirements of federal public transportation law. The FY 2023 Triennial Review covered administrative and statutory requirements and reviewed documents focused on MST's compliance in 23 separate areas. FTA expanded the review to address MST's compliance with the administrative relief and flexibilities that the FTA granted, and the requirements of the COVID-19 relief funds received through the Coronavirus Aid, Relief, and Economic Security Act of 2020 (CARES); Coronavirus Response and Relief Supplemental Appropriations Act of 2021 (CRRSAA); and the American Rescue Plan Act of 2021 (ARP). The findings of the review will be shared with your Board at your meeting on October 16.

July 6 – 7. I traveled to Sacramento to participate in a meeting of the California Transit Association Executive Committee. On July 12 – 13, I attended the Northern California Transit Symposium where I was asked to make a presentation on the MST experience with contactless payment systems.

FIXED ROUTE BUS OPERATIONS:

System-Wide Service: (Fixed Route & On-Call Services):

MST's boarding statistics indicate ridership was 207,573 in June 2023, which represents a 48.24% increase compared to 2022's ridership of 140,023. For the fiscal year to date, passenger boardings continue to increase overall.

MST's productivity continues to improve monthly. MST's productivity increased from 9.1 passengers per revenue hour in June 2022, to 11.5 passengers per revenue hour in June 2023. This represents a 16.8 % productivity improvement compared to June 2022.

Supplemental / Special Services:

MST Trolley Monterey: 27,472 boardings

System-Wide Statistics:

Ridership: 207,573

Vehicle Revenue Hours: 18,030Vehicle Revenue Miles: 286,064

System Productivity: 11.5 Passengers Per Vehicle Revenue Hour

One-Way Trips Provided: 27,326

On-Time Performance (OTP): Of 92,763 total time-point crossings sampled for December, the Transit Master™ system recorded 13,797 delayed arrivals to MST's published time points system-wide. As a result, 85% of all scheduled arrivals arrived on time. (See MST Fixed-Route Bus ~~ On Time Compliance Chart FY 2022 - 2023.)

Note: Service arriving later than **5** minutes beyond the published time point is considered late. The on-time compliance chart, (attached), reflects system-wide "on-time performance" as a percentage of the total number of reported time-point crossings.

Service Canceled: As listed below, MST experienced a total of 18 service cancellations in June for both directly operated and contracted services – compared to 11 service cancellations in the previous month, May 2023.

Total Revenue Trips Completed: 27,326				
Reason for Service Cancellation	MST	MV	Totals	
Accident (MST)	0	1	1	
Service Delay	0	0	0	
Mechanical Failure	0	4	4	
Other	0	0	0	
Passenger Incident	0	0	0	
Road Closure/Construction	0	0	0	
Staff Shortage	5	7	12	
Traffic	0	1	1	
Weather	0	0	0	
Totals	5	13	18	

Documented Occurrences: MST **requires** Coach Operators to complete an occurrence report for any unusual incident that occurs during their workday. The information provided within these reports is used to identify trends that often drive changes in policy or standard operating procedures. The following is a comparative summary of reported incidents for June 2022 and June 2023:

Occurrence Type	June-22	June-23
Collision: MST Involved	7	6
Employee Injury	0	0
Medical Emergency	0	1
Object Hits Coach	0	1
Passenger Conflict	5	5
Conflict: Passenger VS Passenger	0	0
Passenger Fall	3	1
Passenger Injury	0	0
Other	0	2
Near Miss	0	1
Fuel/fluid Spill	1	3
Unreported Damage	1	1
Totals	17	21

CONTRACTED TRANSPORTATION SERVICES:

MST RIDES ADA / MST Paratransit Program:

Preliminary boarding statistics for the MST RIDES program reflect that for June 2023 there were 9,347 passenger boardings. This is a 7% decrease in passenger boardings compared to June 2022, (10,047). For the fiscal year – passenger boardings have decreased by 0.15% compared to FY 2022.

- Productivity for June 2023 increased from 1.83 to 1.86 passengers per hour compared to the previous month, May 2023.
- For June 2023, 84% of all scheduled trips for the MST RIDES program arrived on time, below the expected on-time performance standard.

COMMUNICATIONS CENTER:

In June, MST's Communications Center summoned public safety agencies on four (4) separate occasions to MST's transit vehicles and facilities:

Agency Type	Incident Type	Number of Responses
Police	Vehicle Accident / Passenger Disturbance / Other	5
Medical	Employee Request / Passenger Request / Other	1

Totals		6

DEPARTMENT ACTIVITIES:

In June, staff continued their efforts to provide safe, courteous, and reliable public transit service to MST's customers and communities. Staff successfully passed MST's Biennial Inspection of Terminal (BIT) performed by the California Highway Patrol (CHP).

Throughout June, I attended the following in-person and virtual meetings on behalf of MST – providing support, professional guidance, and increasing my knowledge:

- California Transit Association (CTA) Zero Emission Vehicle (ZEV) Task Force
 - Updates on available/upcoming ZEB funding
 - ZEB infrastructure procurement issues supply chain related
- Executive Leadership Team (ELT) Development Session Bev Weiss
- Trapeze Enterprise Asset Management (EAM) Mapping Module Presentation
 - MST is considering installing the mapping module for Facilities
 - A small amount of work specific to MST's current version needs to be completed before moving forward
- Swiftly Pilot MST kicked off a project to pilot the Swiftly software platform

- 3CE Community Advisory Council (CAC) Meeting
- SURF! Outreach Event held at the Marina Transit Exchange

Operations Summary Report

Fixed Route Services

June 2023

SERVICE DELIVERED		SERVICE QUALITY	
Ridership	207,573	On-Time Time Points	78,966
Passengers / Vehicle Revenue Hour	11.5	Delayed Time Points	13,797
Revenue Miles	286,064	On-Time Passenger Boardings	181,680
One-Way Trips Operated	27,326	Percent On-Time Boardings	88%

Systemwide Service:

Boardings reported for the month of June show ridership to be 48.2% higher than in June of 2022, when 140,023 boardings were reported. Over that same timeframe, the amount of revenue hours operated increased by 16.8%, resulting in an 27% increase in productivity, from 9.1 Passengers Per Hour last June to 11.5 Passengers Per Hour this June. The increase in ridership may be attributed to the implementation of the Better Bus Network on December 10, 2022, as well as the return of the trolley.

For the fiscal year, ridership has increased 19.4% and revenue hours operated have increased 2.1%, resulting in a 17% increase in productivity (from 8.9 PPH to 10.4 PPH).

Seasonal Service:

The MST Trolley Monterey reported 27,472 boardings after being reinstated for the summer on May 27, 2023.

Supplemental / Special Event Service:

No supplemental service operated in June.

MOBILITY DEPARTMENT UPDATE - JUNE 2023

Outreach and Training:

- A Mobility Specialist was a guest at the following event(s) or community center(s) with an informational table or presentation on MST services and mobility programs:
 - Merrill Gardens at Monterey, Monterey
 - Scholze Park Senior Center, Monterey
 - Canterbury Woods, Pacific Grove
 - Meals on Wheels of Monterey Peninsula, Pacific Grove
 - Pacific Meadows, Carmel-By-The-Sea
 - Marina Manor, Marina
 - Junsay Oaks, Marina
 - Steinbeck Commons, Salinas
 - Los Abuelitos Senior Living, Salinas
 - Sherwood Village, Salinas
 - Meals on Wheels of Salinas Valley NOCOS Social, Castroville
 - Soledad Senior Apartments, Soledad
 - Meals on Wheels of Salinas Valley SOCOS Social, South County
 - King City Veterans Resource Center, King City
- A Mobility Specialist provided MST bus system orientation and training for the following customers:
 - Residents from Pacific Grove Senior Living
 - Employees from Yolo Transportation District
 - Participants of Interim's CHOICES Program
 - Participants of Interim's OMNI Program
 - A resident from the City of Marina

Taxi Voucher Program:

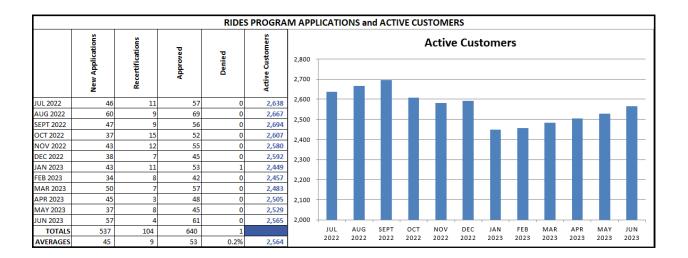

- Mobility Specialist processed 1,170 voucher requests for the 4th quarter in June for both the disabled and Salinas senior voucher program.
- The Veterans distribution locations sites issued 181 taxi vouchers in June.
- Mobility Specialist processed 5,431 redeemed vouchers for taxi provider reimbursement.

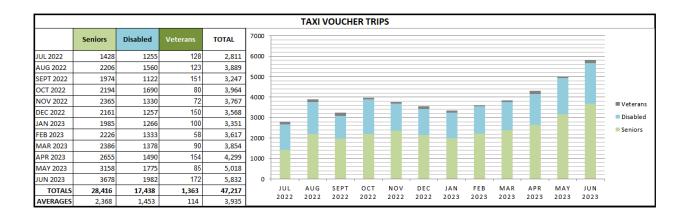

Transportation Reimbursement Incentive Program:

• There are currently 59 seniors, 19 persons with disabilities, and 7 Veterans enrolled in the program.

ATTACHMENT 3

Date: July 25, 2023

To: Carl Sedoryk, General Manager/CEO

From: Norman K. Tuitavuki, Chief Operating Officer

Subject: Maintenance Department Monthly Report – June 2023

This report summarizes the performance and major activities of the Maintenance Department as well as fuel and operating expenses during the month.

Fuel Budget FY2023	Average Fuel Price June 2023	Average Fuel Price FY2023
Biofuel: \$5.40	\$3.21	\$4.03
Gasoline: \$5.40	\$4.51	\$4.70

Period	Revenue Fleet Operating Cost Per Mile	Revenue Fleet Miles Between Major Mechanical Road Calls: ¹
June 2023	\$1.47	32,616
YTD FY 2023	\$1.50	56,207
FY 2022	\$1.32	24,366
FY 2021	\$1.23	54,756

¹ Minimum: 7,000 Miles; Goal: 15,000 Miles

DEPARTMENT ACTIVITIES / COMMENTS:

June 2023's cost per gallon for gasoline *increased by 1.1%, an increase of 5 cents per gallon*, and the cost per gallon for biofuel *increased by 1.8%, an increase of 6 cents per gallon* compared to May 2023. For FY23, MST increased its budgeted cost per gallon for both biofuel and gasoline based on the prices realized in the previous fiscal year. As a result, the cost per gallon for biofuel and gasoline remains under budget. Fuel prices continue to fluctuate unpredictably. Staff continues to monitor all movement of vehicles to minimize unnecessary fuel usage.

In June, MST traveled 32,616 miles between major mechanical failures with four major mechanical road calls – exceeding the 15,000-mile goal. MST's Maintenance department completed 100% of their scheduled preventive maintenance inspections (PMI) on time. MST has continued to meet or exceed the stated goal within this area of performance.

The California Highway Patrol (CHP) conducted its Biennial Inspection of Terminals (BIT) at MST's facilities. MST was found compliant and received its Transit Operator Compliance Certification for all 3 operations and maintenance facilities. Next calendar year, the CHP will conduct separate BIT inspections at each of MST's directly operated facilities.

Staff and I participated in MST's Federal Transit Administration (FTA) Triennial Review. We provided specific information regarding MST's Operation.

In June, staff and I attended various in-person and virtual meetings that were specific to Maintenance Operations:

- ENC Hydrogen Fuel Cell Bus (HFCB) manufacturer met with MST maintenance staff on-site to discuss HFCB and provide an overview of ENC's solution.
- Zero Emission Bus Resource Alliance (ZEBRA) Full Membership Meeting
 - Transit Workforce Center (TWC) provided an overview of service offerings.
 - Discussed ZEB training needs.
 - o ZEB Dashboard Quarterly Update reviewed dashboard, key performance indicators, and related information.
- California Transit Training Consortium (CTTC) Educational Services Committee
- SURF! CM/GC Coordination Meeting weekly project update
- Salinas Operations and Maintenance Space Needs weekly project update
- California Hydrogen Leadership Summit annual update meeting. See my full report in the Board Packet
- California Transit Association (CTA) Maintenance Committee Meeting

Contactless Tap to Pay

During the month of June, MST received a total of 11,428 taps. With the BBN launch, a new fare structure was introduced removing the need for passengers to tap off when exiting the bus.

Since launching the Contactless Tap to Pay project on May 11, 2021, there have been a total of 196,622 successful taps. Total revenue collected to the end of May from passengers using contactless payment was \$270,708.

^{*}Operated by MV Transportation or taxi provider

^{**}Numbers may not add up exactly due to rounding

Finance Update

General Accounting/Accounts Payable

During the month of June, staff processed timely and accurate payments to vendors, recorded appropriate revenues, and prepared monthly financial reporting and analysis. Throughout the month, staff gathered and compiled information in preparation for MST's June 30th fiscal year-end close.

Payroll

Routine changes and adjustments to payroll records were maintained along with filing of all federal, state, and retirement reports and payments on a timely basis. Payroll continued to provide hours and earnings reports upon request to MST departments

Grants

During the month of June, staff drafted, followed up on, responded to, and submitted pending applications, requests for reimbursement, and program reporting under the following programs:

- Federal 5307 Traditional
- Federal 5311 & 5311(f) Programs
- Federal 5339 Formula
- Federal 5339 Competitive (Low-No & Bus and Bus Facilities)
- Federal COVID relief funding (CARES, ARPA)
- Low Carbon Transit Operations Program
- Transit and Intercity Rail Capital Program (TIRCP)
- CA SB1 State of Good Repair
- CA SB1 Local Partnership Program
- Federal 5309 Capital Investments Grants
- Clean CA Local Grant Program
- Congressionally Designated Spending
- TAMC RSTP Competitive Grant Program

In addition to attending webinars for future grant opportunities, staff also participated in several meetings regarding current and future projects, bus procurements, and other capital projects. Update meetings with internal staff were ongoing to address status changes to various active or pending grants and requests for reimbursements. Staff also worked internally to provide information for MST's annual financial audit, DBE tracking, and triennial review.

Grants Summary					
Active Grant Funding	\$	111,280,169			
Grant Funds Pending Award	\$	9,261,858			

Procurements and Purchasing

Procurement efforts for the month included reviewing invoices, tracking supply requisition forms, and placing supply orders for each MST facility. In addition, work was done in an effort to move towards the finalization of the new Procurement manual.

The Request for Quotations (RFQ) issued in May for Financial Audit Services did not receive any responses. The due date was extended by one week. After the extension, one quotation was received. It will go through a review process prior to a decision being made.

MST's contract with Pacific Claims Management for Workers' Compensation Managed Care Services expires at the end of this year. A Request for Proposals (RFP) for Workers' Compensation Managed Care Services has been issued. In addition, MST's contract with Chidlaw Marketing for Advertising Consulting Services expires at the end of October. A Request for Quotes (RFQ) for Advertising Consulting Services has been issued.

Work was begun on a draft Request for Proposals (RFP) for Construction Management Services for the SURF! Project. The issue date for this RFP will be sometime in late July.

<u>Information Technology Update</u>

Operations Technology:

• Contactless Fare System: Preparation of the back-end systems necessary for a smooth transition from our current SC Soft contactless card readers (PADs) to PADs from KUBA systems continues. The back-end changes needed by our payments processor (LittlePay) as well as our current PAD vendor (SC Soft) were completed successfully during the final week of May, allowing the transition team to move to the next steps. KUBA and ATT have been able to successfully test the new devices to operate over the FirstNet network. Currently, we remain on-target for a July field-test, initially with 10 devices installed. This will be followed by a full-roll out, targeted for the last week of July through the 1st week of August.

Cybersecurity:

Audit and Review of MST Systems: I.T. continues to conduct an internal review
and asset inventory update at the request of the California National Guard Cyber
Network Defense unit in preparation for a systems audit. Due to scheduling and
availability of resources, a full on-site audit will likely be moved to early 2024.
Preparations for that will continue as part of MST's overall cybersecurity posture
and maintenance program.

• Identity management: In conjunction with the project to provide expanded email and communications capability to all staff at MST, I.T. has also been in the process of designing and expanding a tiered identity management system, with goal of providing a simpler and more secure way of sharing and collaborating information within the organization. The back-end design and testing of this project has been completed, with a roll-out pending in the following weeks.

Marketing Update

Planning Update

Service Planning and Standard Reporting

Planning staff began work for the September service change to end trolley service and reinstate the Line 25. Customer service reports were responded to throughout the month.

Transit-Oriented Development Planning Study

Work continued on the Transit-oriented Development (TOD) planning study in support of the *SURF!* Busway and Bus Rapid Transit project. Two public outreach events took place: June 10th at MST's Transit Fair and Family Fun Day and June 17th at Salinas Farmers' Market.

Development Review

During the month of June, staff reviewed and commented on development projects and/or proposed ordinances:

- Draft Environmental Impact Report (EIR) for the proposed Ferrasci Business Center Specific Plan San Juan Grade Road Sidewalk and Street Light Improvements Project (Salinas)
- Draft General Plan Housing Element 2023-2031 (Seaside)

Regional Planning

Throughout the month, staff continued participating in meetings with various local agencies, including the Transportation Agency for Monterey County and Association of Monterey Bay Area Governments. Staff also participated in the Visión Salinas 2040 Steering Committee meeting.

Flood Recovery Continues

By Josué Monroy June 1, 2023

Santa Cruz and Monterey counties are holding a job fair at Our Lady of the Assumption Church in Pájaro on Wed. June 7 to help support flood victims.

The event is being led by the the Monterey County Workforce Development Board and the Santa Cruz County Workforce Development Board, according to a media release.

"We're reaching out to the community to attend and hope that flood victims, jobseekers and employers will come out to support Pájaro residents," said Monterey County Workforce Development Executive Director, Christopher Donnelly.

This is the latest in recent efforts to revitalize the economy of Pájaro after the devastating flood that inundated the town in March 2023.

After being displaced by the flood, residents returned to damaged dwellings, destroyed possessions and a devastated agricultural sector that employed many of the area's migrant farmworkers. The job fair is aiming to connect job seekers and employers in both counties to help get flood victims back on their feet.

A total of 20 employers will participate and those interested in getting involved are encouraged to sign up quickly to claim a spot. This event follows other efforts to support the community here.

From April 28-30, the Shop Pájaro event was held to help local businesses recover after the flood damaged many in town. The weekend-long event boosted establishments struggling to return to normal operations more than a month after the March flood.

On April 10, the Monterey-Salinas Transit Board of Directors approved a free fare zone for riders making stops in Pájaro. The free rides will be in effect until June 30, according to the MST website.

Now, local officials are hoping to get residents back to work.

"We're happy to be hosting the event in an effort to spur economic improvement to an area that's been severely impacted due to flood damages," said Donnely.

The Pájaro Job Fair will take place from 1-4pm on Wed. June
7 in the tent at Our Lady of the Assumption Church at 100

Monterey County Civil Grand Jury issues report on Monterey-Salinas Transit

By JAMES HERRERA | jherrera@montereyherald.com | Monterey Herald PUBLISHED: June 7, 2023 at 2:36 p.m. | UPDATED: June 7, 2023 at 2:41 p.m.

SALINAS – After reviewing a complaint about Monterey-Salinas Transit, the 2022 Monterey County Civil Grand Jury found the public transportation agency fulfills its mandate to provide for the transportation needs of county residents "in the most cost-effective, safe, innovative and environmentally safe manner possible."

The complaint said MST vehicles were observed with few, if any, riders and that the buses were fuel-inefficient and a waste of public money.

But the Civil Grand Jury determined Monterey-Salinas Transit's routes, fleet, schedules, bus stops, and fares are determined based on ample and accurate data, while its 2022 finances were audited by the independent firm of Eide Bailey.

The Civil Grand Jury report said that it "did not find misuse of public funding related to the issue of empty buses."

The Monterey-Salinas Transit District was created by state law and formed in July 2010. The district succeeded the MST Joint Powers Agency which was formed in 1981 when the city of Salinas joined the Monterey Peninsula Transit Joint Owners Agency that was created in 1972. Monterey-Salinas Transit is currently celebrating 50 years of service to Monterey County.

The agency's routes, schedules and bus sizes are determined by ridership data collected electronically on every bus in operation, according to the Civil Grand Jury report. People who regularly take the bus may be those unable to drive, college students, commuters, tourists or individuals who see the environmental benefits of taking public transportation. Safety concerns also contribute to where routes and bus stops exist.

MST secures several government grants through the Transportation Agency for Monterey County which serves as the county's regional transportation planning agency and is a state-designated agency responsible for planning and financial programming of transportation projects. Part of TAMC's mission is the investigation of new sources of transportation revenue, of which recipients such as MST are required by law to report on how the funds are spent.

Both MST and TAMC have governing boards consisting of county and city officials and appointees, with several individuals serving on both boards which furthers cooperation and communication. Regula public meetings are held and provide oversight into agency priorities and the expenditure of funds. Agendas, minutes and support documents are posted on the websites of both agencies.

Last December, Monterey-Salinas Transit introduced the Better Bus Network instituting multiple changes in routes, stops, fares and schedules. Its first all-electric buses were also recently introduced and it now operates four electric buses and one electric trolley. MST's 2022 Annual Report was issued in March and can be viewed at https://mst.org/2022-annual-report/.

According to the Civil Grand Jury report, MST is funded and mandated by law to provide transportation throughout Monterey County. The report found individuals who depend on public transportation and use it regularly understand the routes, schedules, stops and fares and are also more aware of how to lodge a complaint or make positive comments. Others who may never ride an MST bus, however, might not know anything about these procedures.

The Civil Grand Jury says it "applauds the innovative, data-driven decisions of Monterey-Salinas Transit's experienced administrative leadership." It does recommend that MST increase public service awareness regarding ridership levels and available services and enhance opportunities for its board members, employees, and subcontractors to acknowledge and respond to all comments and complaints by the end of September, and to develop strategies to work with local and state entities to expand the infrastructure needed to keep electric vehicles adequately viable by the end of December.

The Monterey-Salinas Transit District Board of Directors has 90 days to respond to the report.

Supporting Concessionary Discounts with Open Loop 'Remains a Challenge'

Offering discounts for seniors, disabled persons and others is an important fare policy for most transit agencies. But to date, few agencies have been able to support these discounts with open loop.

Exclusive Dan Balaban June 22, 2023 Open Loop

While more and more transit agencies globally are enabling their customers to tap credit and debit cards and NFC wallets to pay fares, there are obstacles limiting growth.

Besides problems accommodating unbanked and underbanked riders who cannot or will not use bank cards or smartphones to pay fares, perhaps chief among the concerns is how to support discounts for seniors, disabled persons, students and others with

"With concessionary fares, open loop remains a challenge,"

That's according to Shashi Verma, CTO for Transport for London, who is a pioneer in the large-scale deployment of open-loop payments.

While Transport for London runs what is considered to be the most successful open-loop fare payments service globally, it has yet to enable the various categories of riders eligible for concessionary discounts to pay with contactless credit and debit cards and wallets. The agency must issue special closed-loop concession cards for this purpose.

Transport for London's Verma

"There is no difficulty in applying a different fare for different (openloop) cards," Verma told Mobility Payments. "The challenge comes in stopping abuse of these discounts. With no information on the card itself, it is difficult for the gate to have enough information to distinguish easily between a discounted card and one that is not."

Verma will talk about this and other open-loop topics next week as a panelist for the much-anticipated second edition of the online debate series, "The Pros and Cons of Open Loop Payments." The event, scheduled for June 27, is co-organized by Mobility Payments and independent payments and identity organization APSCA. Download the event brochure. Sign up to attend the webinar.

Panel of Experts

Concessions will be one of the main areas of focus for this latest edition of the series, which debuted last October. The forthcoming event features an all-new panel of experts.

Besides Verma, the panel includes Bas van Weele, program manager for the world's first nationwide rollout of open-loop payments, in the Netherlands, The Dutch program is now believed to be taking the uncommon step of implementing support for concessionary discounts with open loop.

The panel also includes longtime industry veteran Silvester Prakasam, fare advisor and former head of the fare system for Singapore's Land Transport Authority, as well as for LTA's international commercial arm, MSI Global. The authority launched open-loop payments in 2019. Asia's largest such service. Prakasam is well-versed in the challenges that transit agencies would face to enable customers to receive senior and other discounts with their credit and debit

Çınar Basmacı, a board member for Turkish fare card and technology supplier Kentkart, will also serve on the panel. Kentkart claims to be one of the few vendors that have implemented a live service linking open-loop cards and credentials with concessions. Kentkart is sponsor of the

And rounding out the panel is Paradon Nitaya, a 25-year veteran of the payments industry, who has held senior roles at major transit agencies in Thailand and has considerable international experience in fare payments in Hong Kong, Singapore, India and Dubai.

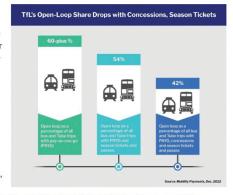

The debate will also cover another often thorny issue transit agencies must deal with when offering open-loop payments: merchant service charges, including interchange and acquiring fees. And if time allows, the panel will discuss whether it's realistic for agencies to go all-in with open loop technology, or if they should continue to run completely separate open- and closedloop fare systems.

'Policy Issues Have to be Resolved'

Concessionary discounts are involved in one-third or more of rides for many agencies, but there are few live implementations of riders being able to tap to pay with open-loop cards or wallets while receiving the discounts.

This fact can be seen as limiting the growth of open loop.

For example, Transport for London, or TfL, has said that customers pay for more than 60% of all pay-as-yougo trips with credit and debit cards or open-loop cards in NFC wallets. Pay as you go is the agency's dominant fare-payments option. But when TfL also includes rides paid for with season tickets and passes in that calculation, open-loop penetration drops to 54% of total trips. And if it further includes concessions, the share of journeys paid for with open loop falls substantially again, to 42%, Transport for London told Mobility

Payments in December. Some believe the actual open-loop penetration figures are lower.

The impact is similar in Singapore, where Land Transport provides concessionary discount fares to seniors and other riders amounting to 35% of its trips. When it includes these discounted trips, the share of open-loop payments falls from more than 30% to around 20% of all journeys, as Mobility Payments has reported.

Yet, neither agency appears to be working on enabling riders to receive concessions with openloop cards and credentials.

Andrew Anderson, Transport for London's head of customer payments, told Mobility Payments in February that supporting concessions with open loop is something that the agency has been "considering," but added that there were no imminent plans to do it. "It's just not an immediate

Anderson added that a substantial share of the concessions that the agency offers, such as those for seniors and certain military veterans, allow customers to ride for free during largely offpeak hours. The implication is that it might not be worth it for the agency to enable concessions with open-loop cards and credentials if no payment takes place. But these customers still have to tap in and out with their Oyster or other closed-loop concession cards to get the free rides.

Land Transport supports the 50% concessionary discounts it offers to seniors, disabled persons and students with its closed-loop EZ-Link card. Like Transport for London, the Singapore authority appears to have no plans to retire EZ-Link and is even tokenizing EZ-Link cards to make them part of its SimplyGo account-based ticketing service, which includes open loop.

Land Transport's Prakasam

"Right now, there isn't any need," Deborah Wong, senior vice president, fare systems, at MSI Global, told Mobility Payments. She was referring to making the link between concessions and open loop in Singapore.

Prakasam said during a Visa-sponsored webinar in November that he believes it could take a few years to work out how to support concessionary discounts for seniors and other riders with open-loop cards and wallets.

Prakasam, like Verma, told Mobility Payments recently that he doesn't believe there are any real technical difficulties preventing transit agencies from crediting riders with their concessionary

discounts after they tap open-loop cards or NFC devices. "It is just another fare table and all computations are done at the back end," Prakasam said. He implied that abuse could be a problem, however.

"Policy issues have to be resolved, e.g., concession passes can be confiscated. But how do you do it with a bank card?'

Establishing Eligibility: Key Challenge

New York's Metropolitan Transportation Authority in late October was the first major transit agency to roll out concessionary discounts linked to open-loop payments. That feature, however, did not check the eligibility of seniors and disabled persons to receive the discounts.

These customers were already qualified to get the concessions with the mag-stripe Reduced-Fare MetroCards they carry. They just have to link this eligibility in the back office to their preferred payments card or wallet credential. The situation appears to be the same with MTA's white-label, closed-loop OMNY card. Customers will have to go through a somewhat onerous enrollment process with closed loop to establish eligibility for concession. They can only then apparently link this eligibility to a preferred bank card or NFC credential.

So MTA's implementation is an incomplete solution to the problem of supporting concessionary discounts with open loop.

The key is how to verify that customers are eligible to receive the concessions without making the process too difficult for them. This is often the case today with closed-loop concession cards, with customers required to apply in-person at transit centers, by post or perhaps online, showing or uploading their ID cards and likely photos, and then waiting days if not weeks for their cards to arrive.

If customers could easily establish their eligibility for the discount, then make the link to their preferred open-loop card or credential, the agency would not have to issue as many special concession cards, said Prakasam in the earlier webinar. "If this can be resolved, I think, yes, we can use (only) contactless EMV cards."

In Turkey, fare-payments company Kentkart launched a concessionary discount service for open loop with a transit agency in the south-central Turkish city of Gaziantep. The service also establishes eligibility, a quick process using Turkey's uniform electronic ID database.

MST BOARD AGENDA / SEPTEMBER 11, 2023 MEETING / PAGE 174

You need to have an accessible database to establish eligibility for concessions with a credit

card," said a Kentkart spokeswoman. "We did it in Turkey because we could link to the government database."

The major earthquake that hit Gaziantep Province and the wider region in early February has curtailed the service. A larger issue is how well the Kentkart's technology can scale, especially in countries without well-developed electronic ID databases.

In California, a state-backed open-loop procurement initiative, Cal-ITP, is also working with an online platform to speed eligibility checks.

It's using a single sign-in platform, Login.gov, from the General Services Administration, a U.S. federal agency. Seniors can prove their eligibility for the discounts by uploading an ID card on the federal website. Cal-ITP vendors then link that eligibility to the user's preferred debit or credit card.

But the first, and perhaps still the only, transit agency using the service, Monterey-Salinas Transit, told *Mobility Payments* that only 60 seniors had signed up and used the eligibility process to receive half-off discounts with contactless payments since December 2022. They have received a combined 1,206 discounted trips with the technology over the past six months, according to Carl Sedoryk, general manager of the small agency.

He attributed the low number of users and transactions to a "lack of awareness," since the California bus agency has not extensively marketed open-loop payments yet. That should happen after it launches its full rollout of open loop next month, he said.

Still, it remains to be seen how much adoption of the open-loop concession service Monterey-Salinas Transit and other agencies that have implemented the technology will eventually see.

It's also unclear how many other transit agencies now offering open-loop payments will be able to overcome the various challenges to enable their riders to receive discounts with a tap of a credit or debit card.

Experts will be on hand next week to discuss this and other open-loop topics.

"The Pros and Cons of Open-Loop Payments" webinar will be held June 27 at 3 p.m. Singapore time, 8 a.m. in London.

King City Rustler

Guest Column | King City Beautification Week Shines Light on Cleanup Efforts

By: KAREN JERNIGAN 🛗 June 22, 2023

9 0 **1**02

B in Bloom.

eautification Week in King City has been going on for 31 years as a way for the town to spruce up its appearance in time for the July 4 holiday.

The 2023 event is sponsored by the King City Chamber of Commerce and Agriculture in cooperation with the City of King, Waste Management, Salinas Valley Recycles and King City

Starting in 1992, Beautification Week has been an opportunity to ask everyone in town to do one thing to improve the appearance of their property.

As I've done before, I'd like to point out some of the beautification efforts that have happened in the past 12 months

Hooray for the fountain that is working again in Broadway Circle in the lawn area next to the CHP office and Motel 6.

Also in the Broadway Circle, you can see that the new King City Grill has been painted, weeded, pruned and biodegradable ground-cover spread in front of their business. It looks great and the food I ate there Monday was great.

The triangle in front of McDonalds has hardscape, stones that are sometimes referred to as Greenfield potatoes, instead of weeds. I think it looks clean and inviting for everyone exiting Highway 101 southbound on Broadway Circle.

The New Rava Farmworker Housing at 321 Bitterwater Road is a wonderful demonstration of droughtresistant landscaping that uses rock, decomposed granite and drip irrigation. The new construction is a beautiful addition to our town.

If you drive through the new homes at Mills Ranch, notice the new drought-resistant bark and mulch providing modern landscaping that takes future water conservation into account.

Cal Water offers rebates for homeowners who remove turf, a program that can help offset the cost of converting to drought-resistant landscaping. Check out the CalWater.com website for more information.

New exterior paint has been added to the Rite-Aid/Thrifty store and to the golf course club house.

For an example of new signs, check out the King City Veterinary Clinic on South First Street and the King Coin Laundromat and Retail on the 800 block of Broadway.

There are colorful contrasting plants in front of Salinas Valley Fairgrounds on Division Street, and did you notice the new landscaping inside the Fairgrounds as you enter the flower building?

The new Monterey-Salinas Transit yard at 179 San Antonio Drive has nice yellow ice plants.

The Arboleda bike path north of town is an amazing addition to our city. Take a drive if you haven't seen it.

Have you seen the California poppies at Clark Trucking on Airport Boulevard and in front of the Pett home on North Second Street?

Also on North Second Street, there is a crop of blue bachelor button flowers growing in the yard of the King City Fundamental Baptist Church at the corner of Ellis Street.

If ever you have wondered about the power of volunteerism, just look to the transformation in town brought about by King City in Bloom. Check out our golf course entrance, the library, the City Hall planter, the exterior of the Recreation Center and the corner of Division and South San Lorenzo at City Park. If you have an hour now and then, I encourage you to consider joining King City in Bloom to help with their projects.

And I want to give a shoutout to the staff at the King City Cemetery who continue to do a wonderful job making that place the "prettiest garden in town."

And another shout out to Anthony Storelli and his city Public Works crew for the increased attention to regular mowing and edging of Forden Park and other areas of the city, and to Juan Carlos Perez and his crew for improved maintenance of the grounds at King City High School.

The year 2023 is shaping up to be a positive year for town improvements, such as:

- The Mural of Mission San Antonio de Padua planned for North Second Street;
- . The Downtown Streetscape replacing plants and crosswalks on Broadway in the historic district;
- · The remodeling of 110 North Vanderhurst for a King City Visitor and History Center;
- · The creation of a Downtown Plaza at the northeast corner of Vanderhurst and Broadway;
- The Caltrans Clean California project for underpass art and landscaping at Broadway Circle and Canal Street;
- . The plans for more outdoor dining in the downtown; and
- The refurbishing of the former Days Inn as homeless transitional housing at Broadway and San Antonio Drive.

A few years ago, the judges from America in Bloom who came here concluded that our town has "good bones." I think they are right. People who have gone before us have helped ensure that we have almost everything we need here to have a good quality of life — a hospital, airport, rec center, swimming pools, stores, fairgrounds, golf course, medical facilities, churches, schools, businesses and assets like the Robert Stanton Theater — but it is up to us to take care of them.

I want to acknowledge that some places in town could use some improvement. As you have opportunities to interact with your neighbors who appear to be neglecting their property, encourage them to take advantage of local landscapers and services that could help them.

If each of us does one thing this month to improve the appearance of our home or businesses, we could continue to make progress toward making King City a great place to live.

Beautification Week runs June 17-25

'Frankly Outrageous': Open-Loop Pioneer Says Interchange Fees for Transit Agencies Too High, Especially in U.S.

Shashi Verma, CTO of Transport for London, called for more regulation to lower interchange for agencies accepting credit and debit cards.

Key Takeaway:

This is the first of a three-part series on the pros and cons of open-loop payments as debated Tuesday by a panel of experts assembled by Mobility Payments and APSCA. This installment: The Elephant in the Room: Interchange and Other Bank Card Fees.

Shashi Verma, chief technology officer for Transport for London and the driving force behind the agency's landmark open-loop payments service, called for greater regulation of interchange rates outside of the UK and European Union to reduce fees agencies pay.

Verma, speaking Tuesday at the second edition of "The Pros and Cons of Open-Loop Payments" debate, called interchange outside of Europe and especially in the U.S., "frankly

"At the end of the day, what the payment industry is providing is a utility," he said. "And the idea that you need 2% or 3%interchange or even higher, as that is the case in the U.S., is frankly outrageous. There's no other word for it. And it has to be solved by regulation."

Verma said Transport for London, or TfL, lobbied the British government and European Union years ago to change the rules on interchange. The EU in 2015 approved legislation capping fees at a low 0.2% on the amount of debit card transactions and 0.3% for credit for all merchants. That includes transit agencies accepting open-loop cards and wallet credentials for fares.

Verma expressed doubts that payments schemes will reduce interchange elsewhere without regulators stepping in.

Shashi Verma

"The reason that we have a lower interchange fee in the UK is not

because we have a competitive position, but because we got the interchange regulated," he said. "This is an issue across the entire economy. Governments need to step in and do something about this, which the EU has done and, thankfully, the UK government has carried on doing even after Brexit."

The debate, co-organized by Asian independent industry association APSCA and Mobility Payments, featured a segment on interchange and other bank-card fees, a topic the co-organizers called the "elephant in the room" for transit agencies.

"The idea that you need 2% or 3% interchange or even higher, as that is the case in the U.S., is frankly outrageous. There's no other word for it."

- Shashi Verma, CTO, Transport for London

Besides Verma, the panel featured Bas van Weele, program manager for the first major nationwide rollout of open-loop payments, OVpay in the Netherlands; Paradon Nitaya, a 25-year veteran of the payments industry, who has held senior roles at major transit agencies in Thailand: Carl Sedoryk, CEO of a bus agency in the U.S. that was the first to trial open-loop payments in California; and Çınar Basmacı, a board member for Turkish fare card and technology supplier Kentkart.

Register to Watch a Recording of the Full Debate

Verma indicated that the lower interchange fees TfL pays helps the agency keep its fare-

He noted that contactless open-loop payments, which TfL launched in late 2012, accounted for roughly half of the more than seven-percentage-point drop in cost of fare collection the agency has recorded over the years.

As Mobility Payments reported, TfL saw costs decrease from 14.3% of total fare revenue in 2006 to less than 7% in 2019. TfL's closed-loop card, Oyster, launched 20 years ago-and which also supports pay-as-you-go transactions-accounted for roughly the other half of the reduction.

The pandemic and lower ridership are believed to have increased the cost rate, perhaps back above 7%. And of note: TfL has said it hasn't done an analysis of its cost of fare collection since the 2019-20 financial year, ending March 31, 2020.

Verma said contactless payments costs less than Oyster to operate. In addition to the interchange caps in the UK, the large scale of contactless transactions that TfL handles-more than 3 million transactions per day across bus, Underground and tram-have helped keep some other expenses low

For example, the transaction volumes have enabled TfL to negotiate an extremely low rate from its current acquirer Barclaycard. Sources have told Mobility Payments that the rate is only 3 basis points per transaction. TfL hasn't confirmed that figure.

U.S. Interchange Rates 'Untenable'

Not everyone on the panel agreed with the premise that costs for open loop are lower than for closed loop. But U.S.-based Sedoryk, who heads Monterey-Salinas Transit, said he believes that open loop can indeed save money even for small transit agencies. His agency has only 130 fixed-route buses in its fleet.

Sedoryk didn't provide cost-of-revenue figures, but said he was mainly referring to savings on capital costs for rolling out open loop. That is despite the fact certification of EMV payments terminals in validators is a major cost for agencies.

When it comes to operational expenses from interchange, Sedoryk agreed that fees are very high for transit agencies stateside.

"What's happening in the U.S., as I learn more about this in world markets, is untenable," he said. Sedoryk believes the situation is a "result of political decisions, and political decisions are those that end up leaving everybody unhappy."

Although Sedoryk didn't specifically refer to it, one decision that politicians in Washington, D.C., made more than 10 years ago has left concerned U.S. transit agencies very unhappy.

U.S. federal legislation known as the Durbin Amendment capped interchange on debit cards at a fixed fee of \$0.21, plus 0.05% of the transaction amount, with issuers able to charge an additional \$0.01 for fraud prevention.

The legislation, however, did not distinguish between large and small transactions. So, as one fare-collection system supplier pointed out, on a \$2 fare paid for with most debit cards issued in the U.S., interchange alone would make up 11.5% of the transaction. That compares with 0.2% if that same transaction were conducted in Europe. And this doesn't count acquiring and scheme fees that can make up a third, maybe more, of total merchant service charges for transit agencies accepting open loop.

"I just wish the issuing banks and the credit card schemes would be more transparent. In the U.S., we're (transit agencies) more of a social benefit."

- Carl Sedoryk, CEO, Monterey-Salinas Transit

Moreover, U.S. agencies, especially small ones, often can't aggregate transactions for most of their riders. So they can't appreciably increase the size of individual transactions. This means that fixed debit card fees hit the agencies particularly hard.

Sedoryk's agency has been the first to pilot technology procured through a program, Cal-ITP, funded by the state of California, that helps agencies buy open-loop technology. In addition, he said Cal-ITP helped negotiate some relief for agencies on interchange in California and eligible agencies elsewhere in the U.S.

"We've been able to negotiate a 43% reduction in the interchange fees that's resulted in a nearly 30% reduction in overall merchant service charges after you calculate everything in," he said. "So a small operator like myself could never leverage the type of volumes that, say, Transport for London could. But if I merged together with all of the operators in the state of California, that accounts for one out of every seven (public transit) trips in the U.S. Now we start talking about some markets and we can start leveraging this."

The drop in interchange Sedoryk was referring to stems from an agreement in which Visa quietly set up a special interchange category for transit agencies in the fall of 2021, as Mobility Payments reported.

Visa's mass transit category substantially reduces fees on most debit cards from a total fixed fee of \$0.22 to only \$0.02 per transaction. The variable fee increased from .05% to 2%, but that amounts to little on a low-value transaction.

Yet, the Visa offer is limited in scope. It applies only to transactions under \$5 and only to Visabranded debit cards regulated under the Durbin Amendment-albeit these are the most used types of cards or NFC wallet credentials for low-value contactless transactions.

More importantly, the interchange category is only temporary, which Sedoryk earlier noted. It's scheduled to last only three years.

And Visa, which has never announced the special interchange offer or acknowledged it publicly, has not said whether it will extend the offer when it expires.

As before, Visa's U.S. office did not respond to a request for comment Tuesday on interchange rates for transit agencies in the U.S, or its special offer.

And while the Visa offer appeared to make Sedorvk hopeful about fees, he expressed some frustration with the overall situation.

"I just wish the issuing banks and the credit card schemes would be more transparent," he said. "In the U.S., we're (transit agencies) more of a social benefit. We're not-for-profit, and the people that we're helping are very low income and some of the most vulnerable people in our communities." He added that he saw a "role for government" to ensure transparent fees "for

MST BOARD AGENDAD SEPTEMBER 45," 2023 MEETING / PAGE 177

Panelist: Open Loop a Risk

According to Thailand's Nitaya, the major payments schemes Visa and Mastercard also lack transparency when it comes to giving transit agencies visibility about how much in fees they can expect to pay down the road if they launch open-loop payments.

Paradon Nitaya

Nitaya said he's helped Thai transit agencies implement open loop following government mandates to support the technology. But the fare-payments option introduces new risks to the agencies, he contended.

"Visa and Master(card) couldn't tell us what happens after the first two years of promotion; they actually wouldn't commit," he said. "So that's a risk to the (transit) operators and to the authorities."

He added that costs in the future for maintaining certification of EMV-enabled payments terminals was also an unknown.

Nitaya said he and his colleagues are hoping for relief, but not necessarily from the mainstream financial industry.

"The other thing that we're hoping for is actually the emergence of blockchain," he said "Their fees are going to go lower in the future, and that's something that we hope actually can keep the cost down."

Nitaya didn't hide his ambivalence toward open loop, saying at one point during the debate that the Thai government had "forced" transit operators to support EMV-based payments. Bangkok's Skytrain and MRT, for example, have launched open-loop payments on four of their lines.

"Visa and Master(card) couldn't tell us what happens after the first two years of promotion; they actually wouldn't commit."

- Paradon Nitaya, COO, Transcode

So open loop, when compared to closed loop "is a risk to us," Nitaya said.

Hedging Bets

Echoing Thailand's fears are concerns from the largest transit agency in Asia to launch open loop, Singapore's Land Transport Authority. As *Mobility Payments* has reported, LTA has expressed a reluctance to becoming too dependent on the financial industry for fare collection because of the "uncertainty" of future fees. So it has no plans to phase out its EZ-Link closed-loop program.

Most panelists at Tuesday's debate said they believed it was still necessary for transit agencies to maintain a closed-loop system of some kind, even after they launch open loop. That is not only to accommodate users without bank cards and NFC wallets or who don't want to use them to pay fares and to support certain types of discounts and period passes.

It's also to insulate the agencies from full dependency on banks and payments schemes. Among those panelists supporting a continued role for closed loop was van Weele of the Netherlands.

In addition to serving as program director for the nationwide OVpay rollout, van Weele is also head of external affairs for one of the nine Dutch transit operators in the OVpay consortium, Arriva NL.

The nine operators, along with processor Translink Systems, have completed the main portion of their open-loop rollout. They still plan to link concessions and other discounts and at least some period passes to credit and debit cards and credentials that customers use to pay.

Bas van Weele

But the group will also issue a new closed-loop card by the end of the year to replace the muchused Mifare-based OV chip card. A bank will issue the new card, which will support EMV technology. Cardholders, however, will only be able to use the card to pay transit fares.

"That's one of the reasons why we choose not to just put all the eggs in one basket. If you drop it, everything's broken."

- Bas van Weele, program dir., OVpay; head of external affairs, Arriva NL

Van Weele noted that the profit margin for most of the transit agencies in the group hovers around 0%, meaning the agencies are "very keen on making sure that we have the lowest cost as possible, but to be as attractive (with fare-payments options) as possible, as well."

He agreed that one reason for the planned "OV-pas" closed-loop card is as a hedge against ceding too much control to the financial industry, which in the end could increase costs outside of the control of transit operators, said Van Weele,

In other words, to go entirely with open loop would cause the Dutch operators to lose "commercial leverage," he said.

"That's one of the reasons why we choose not to just put all the eggs in one basket,' van Weele said. "If you drop it, everything's broken."

A. Introduction

This Monthly Report is intended to share performance data to the MST Board of Directors, our customers, and stakeholders information regarding the overall performance of transit operations using the model developed by the Harvard Business School known as the "Triple Bottom Line." In this model, companies measure their performance in the areas of "People, Planet, and Profit." Using this model as a guide, MST presents this Monthly Report measuring data under the categories of People, Planet, and Performance.

Under the category of "People," we share MST's Service and Passenger Profile, Ridership on both fixed-route services and RIDES, and MST in the news.

Under the category of "Planet," we share our positive impact on our planet in terms of GHG reduced from MST riders, single occupant vehicles removed from roads and highways, fleet transition to zero-emissions progress, and fuel conversion from diesel to renewable biofuel.

Under the category of "Performance," we have included data in the areas of operations, maintenance of fleet and facilities, and finance.

July 2023 Fixed-Route Performance Summary:

SERVICE DELIVERED		SERVICE QUALITY	
Ridership	219,932	On-Time Time Points	78,315
Passengers/Vehicle Revenue Hour	12.3	Delayed Time Points	14,775
Revenue Miles	282,859	On-Time Passenger Departures	191,159
One-Way Trips Operated	27,224	Percent On-Time Departures	87%

Systemwide Service:

Boardings reported for the month of July show ridership to be 21.5% higher than in July of 2022, when 181,032 boardings were reported. Over that same timeframe, the amount of revenue hours operated increased by 11.2%, resulting in a 9.2% increase in productivity, from 11.3 Passengers Per Hour (PPH) last July to 12.3 PPH this July.

Seasonal Service:

MST Trolley Monterey reported 37,730 boardings for the month of July.

MST RIDES Performance Summary:

SERVICE DELIVERED		SERVICE QUALITY	
Ridership	9,089	Percent On-Time Departures	83%
Passengers/Vehicle Revenue Hour	1.8		
Revenue Miles	71,681		
One-Way Trips Operated	7,772

1. Service Area Profile

- 33 Transit lines
- 159 Square miles of service area

Within 15 minutes walking distance* of a transit line and bus stop, there are:

- ~391,300 People (Census 2020)
- ~118,500 People employed at jobs located outside the home
 - ~1% Workers who take public transit to work

^{*}Walking distance as measured in distance is .75 miles.

Data source: US Census and American Community Survey reported in Remix data layers (July 2023). Percentages add to over 100% due to multiple options available.

5. MST Operating Budget

Source: American Public Transportation Association Economic Impact Calculator

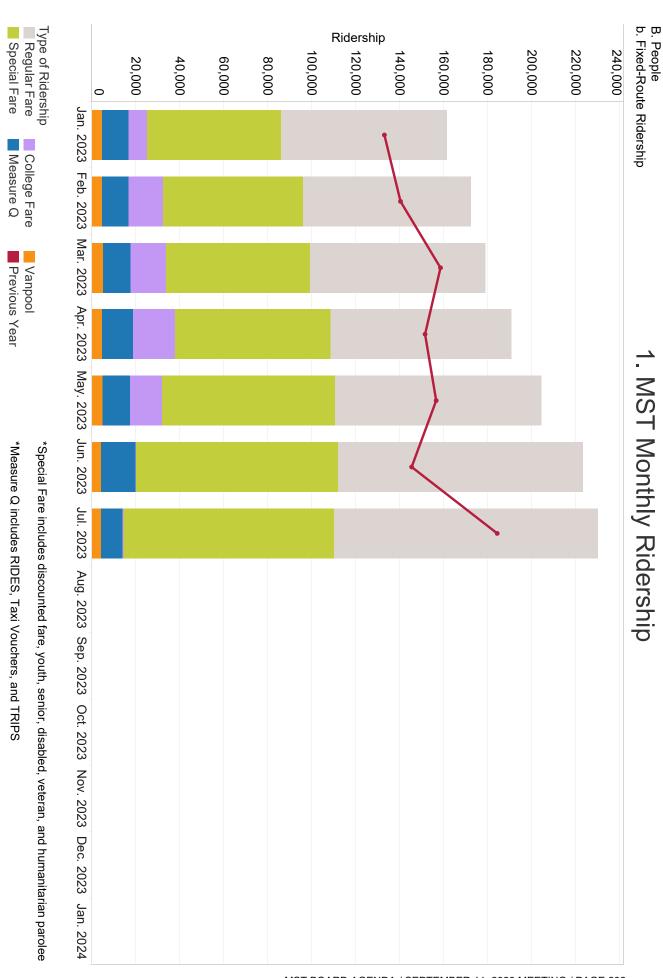

Direct Effect: The effect of cost savings to system users under the transportation scenario modeled, or spending by the operator or constructing entity of a project or service.

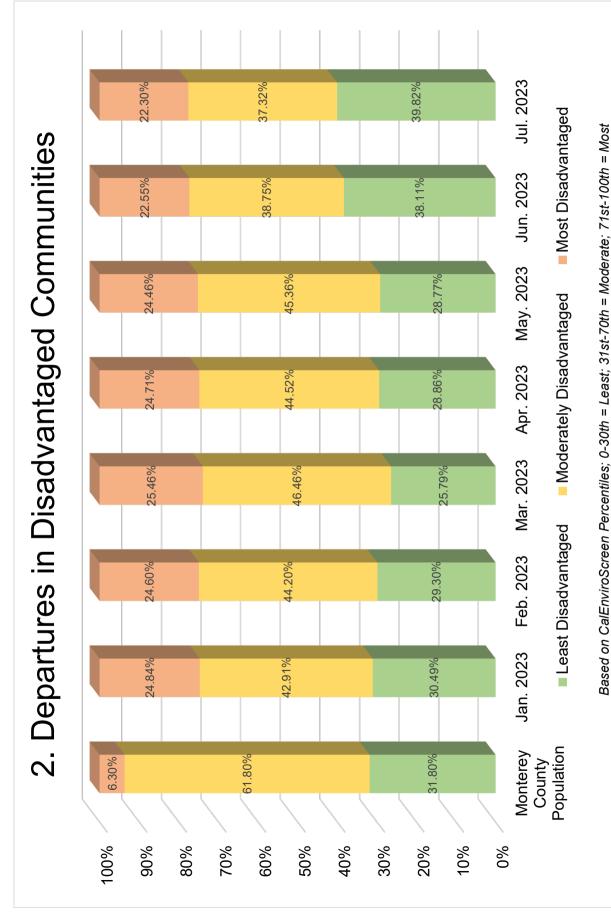

Indirect Impacts: The effect of spending by the suppliers to business users benefiting from system improvements, or suppliers of operators or constructing entities of a project or service.

Induced Impacts: The effect of household spending due to additional employment and payroll generated by direct and indirect impacts.

Output represents the value of industry production. For manufacturers, this would be sales plus/minus change in inventory. For service sectors production, output is simply the value of sales. For retail and wholesale trade, output is represented by gross margin and not gross sales. Margin is sales receipts less the cost of goods sold.

Value Added changes from a project can also be considered as changes in Gross Regional Product or GDP. Value Added is the difference between an industry's or establishment's total output and the cost of intermediate inputs. It consists of employee compensation, taxes on production and imports less subsidies, and gross operating surplus (similar to profit).

MST Strategic Plan – FY 2022-2025 Performance Update June 30, 2023

Goal 1: Develop Adequate and Stable Long-Term Revenues

Pursue public/private and public/public partnerships, fare-pricing strategies, and revenue generation from the use of MST assets as a means to generate the revenue required to construct needed capital facilities, purchase vehicles and sustain current and future transit services.

Through education and advocacy, encourage policymakers and the general public to enact legislation at local, state and federal levels to provide sustained revenue sources that will support the future growth of Monterey County's public transportation system.

Status: Partnerships with Hartnell College, Monterey Peninsula College, California State University Monterey Bay, City of Monterey, and Monterey Bay Aquarium have been reinstated during the year. MST secured funding from Santa Clara Valley Transportation Authority (VTA) and the State of California to provide funding to restore regional services to Gilroy Caltrain Station effective October 30, 2023.

Preliminary results for the year ending June 2023 show MST had a \$8,832,958 surplus to budget on the fixed-route operations, and a \$1,225,025 surplus to budget on the MST RIDES operations, resulting in an overall year-to-date surplus of \$10,057,983.

MST is continuing to receive annual formula-driven state Cap and Trade funds providing funding to support services and Zero Emission Bus technology in both Salinas and Monterey Peninsula. Recent state funding packages include \$40M for MST capital projects.

Staff was successful in including a \$3.0M Community Priority Funding for zero-emission buses project in the FY 23 federal appropriation bill. Staff was successful in a competitive Capital Investment Grant request of \$22.1M for the SURF! Busway and Bus Rapid Transit Project.

Your Board approved the staff recommended revised fare restructure that provided reduced fares for 98% of MST customers and implemented 2-hour, one day, weekly, and monthly fare-capping.

Through compliance with board-adopted cash reserve policies MST remains in a strong financial position as of the fiscal year ending June 30, 2023, with \$58.7M (100% of budget) of total cash reserves with \$54.4M (92% of budget) of unrestricted cash reserves, well in excess of the Board adopted unrestricted cash reserve of 15% of budget. Cash flow projections indicate that MST will be able to maintain adequate cash reserves through FY 2029 as we reach full employment and regain ridership through implementation of the Better Bus Network.

Goal 2: Provide Quality Transit and Mobility Management Services

Develop and implement services, infrastructure and technologies to meet and exceed the expectations of customers, reduce subsidies and improve the value of MST in the community. Continue to explore and implement new technologies and practices that enhance the overall customer experience, improve safety and sustainability, reduce costs, attract new customers, retain existing customers, motivate employees and improve the value of MST in the community.

Status: Staff implemented the Better Bus Network. For the fiscal year, ridership has increased 19.4% and revenue hours operated have increased 2.1%, resulting in a 17% increase in productivity (from 8.9 PPH to 10.4 PPH). MST operated services continue to fall within performance standards as detailed within the Performance. MST RIDES passenger boardings remained unchanged over the past year with On-Time Performance and Miles Traveled Between Preventable Collisions metrics falling below standard for the year.

Partnerships with the City of Monterey/Monterey Bay Aquarium, California State University Monterey Bay, Hartnell Community College, and Monterey Peninsula College remained active. The newly initiated Vanpool Program continues to perform well providing ridership comparable to fixed routes. MST initiated a vanpool program through partnership with Commute with Enterprise in fall 2022. A new program was implemented that allows MST to offer Non-Emergency Medical Transportation and seek reimbursement through Medi-Cal.

MST continues to make slow and steady progress in coach operator and mechanic recruitment. Numerous changes have been made to recruitment and training programs to increase applications and retention of new employees. At the end of the fiscal year, MST was down 15.6% of the overall 126 budgeted coach operator positions.

Goal 3: Implement board protocols and best practices to achieve effective and efficient board operations and board meeting management.

Offer training and orientation for board members and provide concise reports that result in a well-informed, well-satisfied, participatory policy governance board.

Status: The Board has received regular ongoing updates regarding MST COVID Recovery and Response activities through the end of the declared pandemic in May 2023. An update on the progress of the strategic plan was provided in February 2023.

With the end of the declared emergency, staff assisted the Board in developing new board meeting protocols. During the year, the Board adopted a new category of discounted fares for US State Department Humanitarian Parolees which includes persons displaced by conflicts in Afghanistan and Ukraine; and, the board adopted a free fare zone for the community of Pajaro as they continue to recover from the floods of March 2023. Finally, your Board convened an ad hoc committee to direct staff in the development of a new monthly board reporting format that focuses on People, Planet and Performance which better supports the Board adopted Brand Vision of "Connecting Communities, Creating Opportunities, and Being Kind To Our Planet".

Goal 4: Educate the public on MST services through promotion, communication, and advocacy.

Attract new riders and improve community support for MST by utilizing effective marketing, promotion, and communication techniques and by applying greater focus in meeting individual community and stakeholder needs.

Status: Marketing and communications staff continue to find ways to incorporate the new brand identity (Connecting Communities, Creating Opportunity, Being Kind to Our Planet) that was developed along with a new statement of Values (Safety, Friendliness, Dependability, Diversity, and Achievement) into our print and social media communications.

A significant and comprehensive, multi-media public outreach effort to support public information for service changes and fare changes related the Better Bus Network was deployed.

MST continues to support a wide variety of community events during the year including the MST SURF! Transit Fair and Family Fun Day held at the Marina Transit Exchange, and MST 50th Anniversary customer events at the Marina Transit Exchange, Salinas Transit Center, and Monterey Transit Plaza. Numerous public meetings and surveys were held to gather public input on the MST SURF! Busway and Bus Rapid Transit.

Goal 5: Actively promote organizational values to maintain high quality relationships with MST employees, contractors, vendors, board members and community stakeholders.

Act in manner in all we do to promote individual and organizational safety, efficiency, effectiveness and enhance the satisfaction of our customers, employees, partners, board members and other key stakeholders.

Status: The Executive Leadership Team continues to meet quarterly with both ATU and MSTEA leadership as part of the Joint Labor Management Committee to discuss updates on MST projects, programs and working conditions. An MST Managers Group was established for the management team to meet, discuss common issues, and to share their thoughts and ideas with the Executive Leadership team. The Executive Leadership Team participated in a facilitated team building training session.

Goal 6: Research, implement and promote policies and practices that encourage environmental sustainability and resource conservation.

Implement economically sound and environmentally friendly resource conservation policies that reduce dependence on scarce natural resources and the potential for negative impacts on our environment.

Status: MST continues to implement environmentally friendly technologies, including 5 all electric zero emission buses. Staff was successful in having the House Appropriations Committee include a \$3.0M Community Priority Funding project in its FFY 23 funding bill. In addition, MST operates 16 hybrid electric service vehicles, 3 all electric service vehicles, one all electric trolley, and solar powered customer information

systems at shelters in South County locations and an additional 40 locations throughout the MST service area. Eighteen electric bus charging stations have been installed at MST operating divisions in Monterey and Salinas to support future zero emission bus purchases. During the year, your Board adopted and the state has approved a zero-emission bus implementation plan in accordance with the state Innovative Clean Transit Rule.

Goal 7: To attain industry leadership for like-sized agencies within California and the United States.

Develop and implement programs and practices that distinguish Monterey-Salinas Transit as a leader with the public transit industry.

Status: MST continues to be recognized as a leader in the transit industry. Our leadership in the contactless fare payment arena has led to multiple transit operators, large and small, both within California and other states to adopt this new technology. Because of our contactless fare payment deployment, MST received a California Transit Association Innovation Award. MST is leading a nationwide discussion to develop a program to lower interchange fees associated with debit/credit transactions. MST staff maintain leadership roles with major trade associations including the California Transit Association and American Public Transportation Association. The Executive Leadership Team members sit on key committees and hold leadership positions within a variety of local, state, and national trade associations. MST Executive Leadership staff have been sought out to sit on panel discussions at a variety of APTA, CTA, CalACT, and other conferences to showcase our innovative practices.

Action Plan for FY 2022/23 and FY 2023/24 June 2023 Status Update

Connecting Communities

- 1. Develop plan to address outdated information technology legacy systems and continue implementation of 2019 2021 Information Technology Strategic Action Plan. December 2022 **Status: Plan in place and being implemented.**
- 2. Complete implementation of Board approved service changes (new Network Plan) to fixed route and Measure Q funded services along with supporting staffing plan and supporting fare policy. December 2022 Status: Completed with Better Bus Network implemented on December 10, 2022. Except for King City, South County circulator service was delayed until cities implement bus stop plans.
- 3. Implement MST sponsored Vanpool Program to supplement existing fixed-route and mobility services. December 2022 **Status: Completed**
- 4. Continue final design and submit application for FTA Capital Investment Grant (CIG) project evaluation, rating, and approval for SURF! Busway and Bus Rapid Transit Project (BRT). June 2024 Status: Final design at 95% completion. CIG application submitted and project was awarded \$8.1M of FY 2023 funds and \$14M of FY 2024 funding.
- 5. Initiate East Alisal BRT and Salinas Transit Center (STC) Relocation Study as funding allows. December 2022 **Status: Taylor Farms and City of Salinas** have made written commitments to fund the study. Staff waiting on Taylor Farms to provide draft contract language.
- 6. Continue transit activities within board adopted operational and financial performance standards. Operational and financial performance for the fiscal year has been substantially within board standards for the fiscal year.
- 7. Maintain ongoing community partnerships and seek new opportunities as appropriate. Partnerships with local colleges, universities, and non-profits continue to be developed and expanded.
- 8. Develop and implement service levels, facilities, polices, and procedures appropriate to funding availability and community requirements. Since implementation of the Better Bus Network, minor operational changes have been made and service to Gilroy will commence October 30, 2023.

- 9. Provide administrative support in service to Monterey County Regional Taxi Authority and Monterey-Salinas Transit Corporation. **Complete.**
- 10. Continue marketing and community outreach programs to promote and educate the communities we serve regarding the benefits of MST mobility services. A wide variety of multimedia campaigns were implemented during the year.

Creating Opportunities

- Initiate a comprehensive campaign to promote increased inclusivity, diversity, and equity of employment of underrepresented groups within MST's workforce. December 2022 Status: Campaign ongoing with launch of MST DEI Unite online portal to promote discussions and sharing of information on DEI related issues.
- Complete demonstration of contactless fare payment and mobile ticketing solution and determine feasibility of continuing technology on MST fixed route, MST RIDES and MST subsidized taxi services. July 2022 Status: Completed
- 3. Begin fixed facility review for location new/rehabilitated Salinas Operations and Maintenance Facility and review of MST excess properties June 2023. **Status:**Consultant and staff have reviewed multiple properties for future Salinas Operations and Maintenance Facility and have identified likely locations.
- 4. Continue partner-funded programs for students and educational organizations. October 2022 **Status: Completed**
- 5. Initiate research to determine levels of community support for local funding initiatives to support long term investments including fixed route operations, BRT and ZEB infrastructure investments. June 2023 Status: Staff has initiated contact with consultant who assisted with successful 2014 Measure Q campaign and is identifying a budget for next fiscal year.
- 6. Complete Collective Bargaining Agreement with the Amalgamated Transit Union. December 2022 **Status: Completed**
- 7. Complete Collective Bargaining Agreement with MST Employee Association MOU. February 2023. **Status: Completed**
- 8. Initiate comprehensive records and document management system to support Records Retention Policy and continuity of operations. December 2023 **Status: Staff will begin the procurement process later this year.**

- 9. Actively participate in state and national trade associations to support issues of local concern. Ongoing. Staff continues to have active leadership roles within industry trade associations.
- 10. Continue employee training and development opportunities through partnerships with local colleges, universities, trade associations, and vendors. **Ongoing**
- 11. Ensure compliance with federal, state, and local regulations, and conduct regular review of policies and practices. **Ongoing**
- 12. Adopt and execute federal and state legislative programs. **Ongoing**
- 13. Continue board development/educational activities and policy reviews. **Ongoing.**There have been numerous policy reviews and updates including fare policy, procurement policy, and discount pass programs.
- 14. Continue to seek funding from grant sources and extra governmental partnerships to maintain and expand mobility services. **Ongoing**
- 15. Continue to adopt policies and adapt practices to existing Emergency Operations plan to address impacts of COVID-19 to the operations and workforce and ensure safety and cyber security of MST data and telecommunications systems, networks, and programs. **Ongoing**

Being Kind to Our Planet

- 1. Continue implementation of Zero Emission Bus (ZEB) Roll Out Plan: Focus on ZEB vehicles, equipment, infrastructure, and develop long term funding plan to include public-private partnerships. Status: MST was successful in receiving a federal congressional allocation of \$3M for zero emission buses and preconstruction activities related to a zero emission microgrid.
- 2. Promote and participate in planning efforts for autonomous vehicle infrastructure where such technology would best support MST operations. **Status: Staff have attended autonomous vehicle conferences to stay informed about the current state of technology.**
- 3. Continue efforts to ensure passenger and employee safety and security. Ongoing. There are regular meetings of MST Safety Committee.
- 4. Continue efforts to finance and maintain a state of good repair for MST fleet, facilities and supporting infrastructure. **Ongoing. Board adoption of the 2-year operating budget and 5-year Capital Improvement Program.**

Washington, DC

August 29, 2023

TO: Carl Sedoryk

FROM: Don Gilchrest

The following report summarizes actions taken on behalf of Monterey-Salinas Transit in August.

Fiscal Year 2024 Appropriations Process

When Congress returns from the month-long August recess, members will face an October 1 deadline to enact appropriations bills to fund the government in fiscal year 2024. There are numerous policy issues in dispute in the funding bills but the largest obstacle to enactment is the demand by some conservative House members that nondefense spending be reduced to the overall level that was enacted in FY 2022.

So far this year, the House and Senate have moved along two very different tracks on the fiscal year 2024 funding bills. The House Appropriations Committee has drafted versions of all 12 of the annual funding bills that include significant reductions in non-defense spending accounts. In the Senate, the appropriations bills are being drafted in a bipartisan approach with spending levels that in most cases would fund programs at the same level as last year or with slight increases. However, the gap between these two approaches is likely to become larger because some of the more conservative members of the House are continuing to press for additional reductions in spending.

The very different approaches to the funding bills in the House and the Senate will collide when the October 1 start of the new federal fiscal year arrives. With no clear path to negotiate bipartisan bills that can be signed into law, Congressional leaders are now focusing on enacting short-term funding authority to keep the government operating and give Congress more time to finish up the budget. However, the very close margin of control in the House of Representatives is making even short-term funding measures difficult to enact because of the vulnerability of House Republican Leaders to any defections on close votes.

In September, each of the competing interests will be seeking to influence the details of the short-term funding bill to try to gain an advantage in the larger, ongoing budget negotiations. Finding a pathway through these procedural and funding issues to enact full-year appropriations bills is likely to take until late December.

Transportation Funding

As Congress continues to work on the FY 2024 Transportation, Housing and Urban Development Appropriations Act, MST is advocating to preserve the transportation funding that was enacted in the Infrastructure Investment and Jobs Act of 2021 and supporting additional funding for these programs in fiscal year 2024 through the annual appropriations process. This includes additional funding for FTA Capital Investment Grants, bus and facility programs, and competitive multimodal grant programs such as RAISE Local and Regional Project Assistance grants, the National Infrastructure Project Assistance program, and the Projects of National and Regional Significance program.

Both the House and Senate versions of the fiscal year 2024 transportation funding legislation would continue the significant increases in transportation formula funding and grant opportunities that were enacted in the bipartisan infrastructure law. However, as currently drafted, the House bill would cut \$7 billion of annual appropriations from transportation grant programs compared to the funding they received in last year's appropriations bill. MST's local delegation has been proactive in advocating for transportation funding throughout the FY 2024 process, and we are continuing to work with them as the House and Senate draft this legislation.

Additional Lobbying Opportunities

We are continuing to consult with you regarding additional opportunities to advocate MST's 2023 federal agenda as Congress moves into the final legislative push for this year. As part of these efforts, we are scheduling and attending meetings with delegation members and the DOT for you during your September trip to Washington, DC. In addition, we will continue to monitor the FY24 appropriations legislation and Bipartisan Infrastructure Legislation implementation for any issues that will require additional virtual or in-person meetings.

FROM: Matt Robinson, Partner

Michael Pimentel, Legislative Advocate

RE: STATE LEGISLATIVE UPDATE – August 2023

Legislative Update

Governor Signs MST Sponsored Bill

On July 21, Governor Newsom <u>signed</u> SB 304 (Laird), which increases MST's streamlined procurement threshold for supplies, equipment, materials, and certain services from \$100,000 to \$150,000. The higher limit will allow MST to expeditiously enter into contracts for the aforementioned by seeking quotations from vendors (as opposed to running a more traditional, full-scale procurement process). The new provisions will take effect on January 1, 2024.

Update on State Budget

Governor Newsom signed the budget and infrastructure streamlining package on July 10, which included additional budget action and trailer bills, and followed his earlier action on SB 101 (Skinner). The package of bills signed by the Governor on July 10 include AB 102 (Ting) and SB 125 (Committee on Budget and Fiscal Review), which reflect the three-party agreement with Governor Newsom on the Budget Act's transportation/transit investments and policy. It total, \$5.1 billion in flexible funding is being provided to regional agencies and transit operators. The budget would also impose accountability and reform requirements on regions and their transit agencies to access the funding included in AB 102, extend statutory relief measures secured in 2020 and 2021 for transit agencies, and create a new state-level Transit Transformation Task Force at the California State Transportation Agency (CalSTA), as previously ensconced in AB 761 (Friedman). In the months ahead, CalSTA will draft, circulate, and finalize guidelines dictating how RTPAs and transit agencies will comply with the accountability and reporting measures contained in SB 125. The guidelines are required to be finalized by September 30 and CalSTA must hold at least one public workshop.

The Governor also signed his infrastructure streamlining package, which includes <u>NEPA</u> assignment for local transit projects, expedited judicial review for certain types of transportation projects, and changes to the administrative record process under CEQA. We also expect CalSTA to establish a process for certain elements contained in the streamlining package (i.e., how a transportation project would qualify for expedited judicial review or seek NEPA assignment).

Zero-Emission Transit in the Budget

In addition to the investment discussed as part of the ZETCP, and in contrast to the Legislature's two-party agreement, AB 102 preserves funding for the CARB's HVIP-Transit and CEC's Clean Transportation Programs for FYs 2021-22 and 2022-23. Specifically, AB 102 preserves: \$111 million for CARB's HVIP-Transit – inclusive of the remaining \$46 million from FY 2021-22 and \$65M for FY 2022-23; and \$28.5 million for CEC's Transit Bus ZEV Infrastructure investment.

Bills of Interest

SB 304 (Laird) MST Procurement Threshold (MST SPONSOR)

MST's legislative proposal to increase its procurement threshold for simple acquisitions of services, supplies, materials, and equipment – <u>SB 304 (Laird)</u> – passed the Assembly Local Government Committee 8-0 and the Assembly Appropriations Committee on June 21. **This bill was signed by the Governor on July 21.**

SB 747 (Caballero) Surplus Lands Act

This bill would amend the Surplus Lands Act (SLA) to respond to several concerns with SLA implementation raised by the California Transit Association and further amend the SLA to permit more economic development on transit properties. SB 747 would strike the exception to the exemption for transit agencies to dispose of parcels for certain uses, create an administrative process for approving parcels as exempt, allow more parcel disposals to be considered "exempt" surplus land, and clarify several existing exempt surplus land definitions to reflect past transactions. Importantly, SB 747 would define disposal and include both the sale of property and the lease of property.

AB 96 (Kalra) Autonomous Transit Vehicles

This bill would require a public transit agency to provide written notice to the exclusive employee representative of the workforce affected by autonomous transit vehicle technology of its determination to begin, or its substantive progress toward initiating, any procurement process or a plan to acquire or deploy the technology for public transit services that would eliminate job functions or jobs of the workforce 10 months before commencing the process, plan, or deployment. The bill would require the public transit employer, following a written request by the exclusive employee representative, to engage in collective bargaining on subjects that include creating plans to train and prepare the affected workforce to fill new positions created by the technology.

AB 316 (Aguiar-Curry) Heavy Duty Autonomous Vehicles

This bill would prohibit the operation of an autonomous vehicle with a gross vehicle weight of 10,001 pounds or more on public roads for testing purposes, transporting goods, or transporting passengers without a human safety operator physically present

in the autonomous vehicle at the time of operation and to provide deactivation and collision reports to the Department of Motor Vehicles.

AB 463 (Hart) Electricity Prioritization for Public Transit Vehicles (MST SUPPORT) This bill would provide transit agencies with priority access to electricity when facing grid disruptions caused by natural or man-made disasters, rolling blackouts, utility company "Public Safety Power Shutoffs" (PSPS), and increasing demand on California's electrical grid. This bill was held in the Assembly Appropriations Committee.

AB 557 (Hart) Brown Act – Extension of Existing Authority (MST SUPPORT)
Beginning on January 1, 2024, this bill would extend the existing
teleconferencing/remote-meeting authority that can be used when a declared state of
emergency is in effect and would also extend the period for a legislative body to make
the required findings related to the continuing state of emergency and social distancing
from 30 days to 45 days after the first teleconferenced meeting, and every 45 days
thereafter, in order to continue to meet.

AB 610 (Holden) Youth Transit Pass Pilot Program: Free Youth Transit Passes This bill would, upon appropriation of moneys by the Legislature, create the Student Transit Pass Pilot Program for the purposes of awarding grants to transit agencies for the costs of creating, designing, developing, advertising, distributing, and implementing free student transit passes to persons attending public educational institutions, and persons 18 years of age or younger, providing free transit service to holders of those passes, and administering and participating in the program. Grants would be awarded based on the aggregate enrollment of students at eligible educational institutions within the county served by those transit agencies. The bill would authorize a transit agency to submit a grant application in partnership with one or more public educational institutions and would also authorize grant funds to be used to maintain, subsidize, or expand an existing fare free program.

AB 761 (Friedman) Transit Transformation Task Force

This bill would require the Secretary of the California State Transportation Agency, on or before July 1, 2024, to establish and convene the Transit Transformation Task Force to include representatives from the department, the Controller's office, various local agencies, academic institutions, nongovernmental organizations, and other stakeholders. The bill would require the task force to develop a structured, coordinated process for early engagement of all parties to develop policies to grow transit ridership and improve the transit experience for all users of those services. The bill would require the secretary, in consultation with the task force, to prepare and submit a report of findings based on the task force's efforts to the appropriate policy and fiscal committees of the Legislature on or before January 1, 2025. This bill was incorporated in the state budget through SB 125 and is not moving forward.

AB 817 (Pacheco) Brown Act (MST SUPPORT)

The Brown Act casts a wide net when it comes to defining legislative bodies to include any "commission, committee, board, or other body of a local agency, whether permanent or temporary, decision-making or advisory." This bill would provide flexibility

for advisory bodies that can take no action, or establish policy on behalf of a local elected body by allowing them to continue to meet remotely without having to follow the specific quorum, location notification, and accessibility requirements required by the Brown Act. **This is now a two-year bill.**

ACA 1 (Aguiar-Curry) Lower-Vote Threshold (MST SUPPORT)

This measure would authorize a local government, including a special district, to impose, extend, or increase a sales and use tax or transactions and use tax imposed, or a parcel tax, for the purpose of funding the construction, rehabilitation, or replacement of public infrastructure, defined to include improvements to transit and streets and highways and projects for the protection of property from the impacts of sea level rise, as well as for affordable housing, if the proposition proposing that tax is approved by 55% of its voters.

August 23, 2023

TO: Board of Directors, Monterey-Salinas Transit District

FROM: Matt Robinson, Partner

Michael Pimentel, Legislative Advocate

RE: STATE LEGISLATIVE UPDATE – September 2023

Legislative Update

The Legislature returned from Summer Recess on August 14 to finish the final month of the first year of the two-year Legislative Session. September 1 is the deadline for fiscal committees to hear and report bills to the floor before the Legislature adjourns for the interim recess on September 14. The Legislative Calendar, which sets the deadlines for the year can be viewed here.

Update on SB 125 Implementation

As you know, the FY 2023-24 Budget Act included <u>SB 125 (Committee on Budget and Fiscal Review)</u>, which imposes new accountability and reform requirements on regions and their transit agencies to access the \$5.1 billion in funds authorized under AB 102 (Committee on Budget). SB 125 requires the California State Transportation Agency (CalSTA) to adopt guidelines that provide greater structure and specificity to these accountability and reform requirements.

On August 19, CalSTA released <u>informal draft guidelines</u> to implement SB 125. When adopted, the guidelines will govern access to the General Fund-supported Transit and Intercity Rail Capital Program and Zero-Emission Transit Capital Program. AB 102 appropriated \$4 billion in General Fund support to the TIRCP over the next two fiscal years as well as \$1.1 billion in Greenhouse Gas Reduction Fund and Public Transportation Account support to the Zero-Emission Transit Capital Program (ZETCP) over the next four years. Of the amounts noted above, Monterey County (TAMC) is expected to receive approximately \$52.5 million, most of which would likely be directed to MST.

The release of the informal draft guidelines formally opens a public comment period and will help facilitate the adoption of final guidelines by CalSTA by September 30. The California Transit Association's Transit Operations Funding Subcommittee, of which MST is a member, has begun to review the guidelines and will provide written comments to CalSTA in response.

Surplus Lands Act

For the last two years, the California Transit Association has been engaged in an effort to make modest changes to the Surplus Lands Act (SLA), providing transit agencies with more certainty, clarity, and flexibility under the SLA. There are currently two main vehicles moving through the Legislature that propose to broadly amend the SLA to address a number of issues that have arisen in recent years – SB 747 (Caballero) and AB 480 (Ting). The Association convened a group of transit operators to negotiate changes to the SLA with the Legislature and the Administration, mainly around the list of exemptions in the SLA and the processes surrounding the use of the exemptions. While conversations continue, we anticipate that several concerns raised by transit agencies will be included in the final agreement on the SLA. We also believe that the final agreement will include a "disposal" definition, providing much needed clarity to the law. We should see the final version of the changes to the SLA materialize in early September.

Reminder: Governor Signed MST Sponsored Bill

On July 21, Governor Newsom <u>signed</u> SB 304 (Laird), which increases MST's streamlined procurement threshold for supplies, equipment, materials, and certain services from \$100,000 to \$150,000. The higher limit will allow MST to expeditiously enter into contracts for the aforementioned by seeking quotations from vendors (as opposed to running a more traditional, full-scale procurement process). The new provisions will take effect on January 1, 2024.

Bills of Interest

SB 747 (Caballero) Surplus Lands Act

This bill would amend the Surplus Lands Act (SLA) to respond to several concerns with SLA implementation raised by the California Transit Association and further amend the SLA to permit more economic development on transit properties. SB 747 would strike the exception to the exemption for transit agencies to dispose of parcels for certain uses, create an administrative process for approving parcels as exempt, allow more parcel disposals to be considered "exempt" surplus land, and clarify several existing exempt surplus land definitions to reflect past transactions. Importantly, SB 747 would define disposal and include both the sale of property and the lease of property.

AB 96 (Kalra) Autonomous Transit Vehicles

This bill would require a public transit agency to provide written notice to the exclusive employee representative of the workforce affected by autonomous transit vehicle technology of its determination to begin, or its substantive progress toward initiating, any procurement process or a plan to acquire or deploy the technology for public transit services that would eliminate job functions or jobs of the workforce 10 months before commencing the process, plan, or deployment. The bill would require the public transit employer, following a written request by the exclusive employee representative, to engage in collective bargaining on subjects that include creating plans to train and prepare the affected workforce to fill new positions created by the technology.

AB 316 (Aguiar-Curry) Heavy Duty Autonomous Vehicles

This bill would prohibit the operation of an autonomous vehicle with a gross vehicle weight of 10,001 pounds or more on public roads for testing purposes, transporting

goods, or transporting passengers without a human safety operator physically present in the autonomous vehicle at the time of operation and to provide deactivation and collision reports to the Department of Motor Vehicles.

AB 463 (Hart) Electricity Prioritization for Public Transit Vehicles (MST SUPPORT) This bill would provide transit agencies with priority access to electricity when facing grid disruptions caused by natural or man-made disasters, rolling blackouts, utility company "Public Safety Power Shutoffs" (PSPS), and increasing demand on California's electrical grid. This bill was held in the Assembly Appropriations Committee.

AB 557 (Hart) Brown Act – Extension of Existing Authority (MST SUPPORT)

Subject: TRIP REPORT: California Hydrogen Leadership Summit

SUMMARY:

The California Hydrogen Leadership Summit was held June 19-20, 2023, in Sacramento, California.

GOAL/PURPOSE:

The 2023 Hydrogen Leadership Summit addressed critical challenges and priorities that MST and other public transit agencies are facing with transitioning to zero-emission vehicles (ZEVs). Additionally, the Summit explored how California policymakers, private companies, and other government entities can accelerate the production, delivery, storage, and use of hydrogen as a pathway toward decarbonization.

ATTENDEES:

Public transit agencies from across the nation and zero-emission industry entities from around the world attended the conference. Cities, counties, government municipalities, and other public entities also attended the conference.

AGENDA / MEETINGS ATTENDED:

- Welcome Remarks Alberto Ayala, Executive Director/Air Pollution Control Officer – Sacramento Metropolitan Air Quality Management District
- Introduction to California Hydrogen Leadership Summit
- Legislative Keynote Josh Newman, State Senator, 29th District
- Keynote Remarks Don Boyajian, Director, Government Affairs & Counsel Plug Power
- Keynote Remarks Michael Hoban, General Manager, Hydrogen Chevron
- Clean Hydrogen to Decarbonize California's Energy Systems Across the Value Chain. Speakers from Port of Los Angeles, Chevron, Hydrogen Hub Development – Bayotech, and Mainspring Energy
- Transportation Keynote Lori Pepper, Deputy Secretary for Innovative Mobility Solutions, CalSTA
- Kevnote Remarks Christine Cowsert, Senior Vice President PG&E
- Hydrogen for Reliable and Resilient Electrical Grids. Speakers from PG&E, Greenberg Traurig LLP, Hyliion, Ballard Power Systems, Inc., and Power Systems Manufacturing

Blank Page

- Keynote Remarks Bob Archuleta, State Senator, 30th District
- Keynote Remarks Neil Navin, Southern California Gas Company
- Project Development: Building Successful Hydrogen Projects. Speakers from EcoEngineers, Raven SR, Emerson, San Diego Gas & Electric, and the City of Lancaster

The 2023 Hydrogen Leadership Summit provided in-depth discussions, industry updates, and information on the hydrogen fuel industry. The sessions I attended provided insights into hydrogen innovations, current projects, and future projects to bring hydrogen as a fuel to consumers in California. In addition to MST – representatives from Santa Cruz Metro, San Joaquin RTD, Tri-Delta Transit, and other California-based transit agencies attended the conference.

Hydrogen Fueling Solutions of Note:

Several private companies are pushing to bring hydrogen fueling solutions to California. Raven SR just received CEQA approval for their steam reformation process based in Richmond, California. Raven's steam reformation process does not require combustion and results in zero pollution. Their process converts all forms of waste (biomass, solid waste, bio-solids, etc.) into synthetic gas which is then converted into renewable hydrogen and other renewable products. MST will keep an eye on Raven as a possible source of renewable hydrogen fuel.

SoCalGas – the nation's largest pipeline supplier of gaseous products discussed their project, "Angeles Link" that will bring hydrogen to the Los Angeles area through their extensive pipeline network. SoCalGas' project is exciting – when fully complete – SoCalGas will be able to provide hydrogen as a fuel to Southern California quickly and safely.

The Alliance for Renewable Clean Hydrogen Energy Systems (ARCHES) is a public-private partnership aimed at creating a sustainable, statewide, clean hydrogen hub in California and beyond. Many of the sessions touched on ARCHES and through an impromptu raising of hands, most Summit attendees confirmed they or their organizations were members of the Alliance. Another major goal of ARCHES is to achieve the Department of Energy's (DOE's) goal of \$2/kg within 5 years and \$1/kg within 10 years. I have requested more information through the ARCHES website. Membership is free of charge and requires a 2-year commitment.

Azolla Hydrogen offers on-site hydrogen production through a mobile solution that uses bio-methanol and deionized water to produce hydrogen as a fuel. The mobile reformer and fueling station are attached to a flatbed trailer that can be moved to any location that has the necessary resources to produce hydrogen. Azolla's mobile solution is currently in test production and will be online and available for inspection at California State Los Angeles in the Fall of 2023.

MST will continue monitoring and exploring hydrogen fuel and fueling solutions as we transition our fleet to zero emissions. Battery electric is the most readily available technology that is available in mass production now, but hydrogen fuel and hydrogen fuel cell vehicles are becoming more prevalent in the zero-emissions industry. The hydrogen fuel cell buses offer more range with a 10-12 minute refueling time which is more desirable and similar to current MST operational processes.

Subject: TRIP REPORT: 2023 Esri User Conference

July 10-14, 2023, in San Diego, California

SUMMARY:

The Esri User Conference offers over 450 hours of training including hundreds of user presentations, interactive workshops, and opportunities to meet one-on-one with Esri subject matter experts. The Conference also includes special interest group meetings that will help us connect GIS users from our region and industry.

GOAL/PURPOSE:

With GIS becoming more powerful and accessible every year, MST (we) can learn how to leverage its capabilities to make the most of our resources and stay ahead of the digital curve.

ATTENDEES:

Over 18,000 GIS professionals from nearly every commercial sector, government organization, and non-profit field.

AGENDA:

Day 1 – July 10, 2023:

1. Esri UC Plenary Session

Day 2 – July 11, 2023:

- 1. ArcGIS Dashboards: Best Practices
- 2. 5 Tips to Address Our World's Planning Challenges
- 3. Highlighting Transportation Inequalities
- 4. Using GIS to Support Strategic Transportation Planning
- 5. Embracing the Era of Transportation with Real-Time Capabilities

Day 3 – July 12, 2023

- 1. ArcGIS Survey 123: An Introduction and What's New
- 2. Transit SIG: Leading Agencies through a New Era
- 3. ArcGIS Survey123: Building Forms for Field Data Connection
- 4. Creating Spatial Data from Tabular Data

Day 4 – July 13, 2023

- 1. ArcGIS Pro: An Introduction
- 2. Planning Climate Resilient Communities with Living Atlas
- 3. Equity and Social Justice SIG
- 4. Meeting with Survey123 Team for Project Support
- 5. Meeting with Cory Whittaker, Esri Public Transit Solution Engineer

Day 5 – July 14, 2023

1. Closing Session

Using GIS to Support Strategic Transportation PlanningClosing Session

Submitted by: Emma Patel

From: Norman K. Tuitavuki, Chief Operating Officer

Subject: TRIP REPORT: American Transportation Association Technology

Conference (APTAtech)

SUMMARY:

The APTAtech Conference was held July 30-August 2, 2023, in Anaheim, California.

GOAL/PURPOSE:

The 2023 APTAtech Conference explored how the public can use innovative technologies to better navigate transit including emerging technologies in fare payment systems, autonomous and zero-emission vehicles, equity, cybersecurity readiness, workforce capacity, real-time open data services, and rider challenges. The 2023 Conference was held in conjunction with the APTA Sustainability/Operations Planning and Scheduling Workshop. Attendees of the conferences were allowed to attend sessions and learning opportunities at either conference.

ATTENDEES:

Public transit agencies from across the nation and entities from around the world attended the conference. Cities, counties, government municipalities, and other public entities also attended the conference.

AGENDA / MEETINGS ATTENDED:

- OCTA Bus Bases Tour Hydrogen Fueling Station, Battery Electric Buses, Inside OCTA's Communications Center
- Innovation Officer Peer Exchange APTA peers met to exchange and discuss technology-based solutions and problems. Much of the information discussed centered around Artificial Intelligence (AI) and how agencies are currently using or planning to use AI.
- Opening General Session the joint opening session included local Orange County leaders and speakers from both conferences.
- CINO Roundtable: Transforming Public Transit through Innovation agency representatives from across the nation provided insight into technological breakthroughs that enhance efficiency, accessibility, sustainability, and the overall passenger experience.
- Technology's Role in Improving Communications speakers from Washington State and New York provided a deep dive look at how they communicate with passengers and their use of technology to streamline customer communications.

Information of Note:

OCTA Facility Tour – the tour provided a more in-depth look at OCTA's Operation. Tour attendees were guided through OCTA's Santa Ana facility where we looked at the coach operators' working area. Operators use technology to check in for their assignments. This is the same system MST currently uses; however, OCTA has fully deployed an electronic bidding solution that allows operators to bid on their work assignments, sign up for overtime, and manage their time off requests.

Next, we toured the Maintenance side of the Santa Ana facility. OCTA deploys several hundred buses out of this facility including hydrogen fuel cell, diesel, and compressed natural gas-powered buses. OCTA's mechanics and technicians receive on-the-job training through OCTA's in-house training program that operates like an apprenticeship program. Employees with little to no vehicle maintenance knowledge can apply to the program and through their training program, become journey-level vehicle maintenance workers. Last, we toured the hydrogen fueling station and looked at OCTA's hydrogen infrastructure. This was my second opportunity to see this facility. Nothing new to report, but I will be keeping a close eye on their hydrogen fuel cell project.

Finally, we toured OCTA's communications and security center where I received an in-depth tour. OCTA is preparing to deactivate its radio system and transition fully to voice-over-internet protocol (VOIP) for all bus communications. Their solution provides cellular redundancy through two separate cellular providers. The communication equipment seamlessly transitions between the two providers to ensure high-quality audible communications between the operator and OCTA. I am investigating this technology as a possible option to improve MST's communications systems.

Honorable State Senator John Laird 1021 O Street, Suite 8720 Sacramento, CA 95814

Re: Senate Bill 304 - Monterey-Salinas Transit District

Dear Senator Laird

On behalf of the Monterey-Salinas Transit Board of Directors which is comprised of elected officials from the City Council of each of the 12 cities within Monterey County and a representative from the County Board of Supervisors, we would like to thank you for sponsoring and supporting our SB 304 – MST Procurement Thresholds. The bill was signed by Governor Newsom on Friday, July 21, 2023.

This legislation will help MST achieve administrative efficiencies by conforming portions of state legislation governing MST procurement thresholds with similar regulations placed in effect by the Federal Transit Administration. SB 304 also helps MST staff achieve our Board's vision of "connecting communities, creating opportunity, and being kind to our planet".

Sincerely,

Mayor Anna Velazquez

Chair, MST Board of Directors

Carl Sedoryk

Subject: RIDES Customer Complaint from Public Comment at July Board Meeting

Date: August 17, 2023

During the public comment period at the July 2023 Board Meeting, MST RIDES customer, Jesse Flores stated that he had several service-related complaints that had not been responded to. At the conclusion of the meeting, I called Mr. Flores to follow up on his concerns, and left my contact information. To date, I have not received a call back. I then contacted the contractor, MV Transportation, to follow up with and address Mr. Flores' complaints. These are the findings from MV's investigation.

Mr. Flores submitted complaint #14969 on 6/30/23 and CSR #14997 on 7/7/23. The first complaint alleged that his properly booked trip was not honored. Mr. Flores claimed that he called and booked a trip on 6/27 for a 6/30 trip. On the day of his trip, he called dispatch to see where his vehicle was and was told he was not on the schedule. The MV's investigation of this complaint determined that Mr. Flores did not call to book this trip. Prior to his call to dispatch on 6/30, his most recent call came on June 21st, in which he booked a trip to Walmart in Marina. This complaint was determined to be invalid, and the reservation stated that Mr. Flores has done this previously where he claimed he called and booked a trip that wasn't honored. Reservation viewed this as an attempt to get same-day service.

His second complaint centered on his frustration around missing a trip. He stated he was waiting for his ride but had to go inside his residence for something. In the interim, his bus arrived, but by the time he returned, the bus had already left. MV's investigation revealed that Mr. Flores' bus arrived within the pickup window, the coach operator waited 6 minutes for Mr. Flores to show up, and then left. Mr. Flores states in the complaint that he was upset that no one tried to call him to tell him his bus was there. While coach operators aren't required to call clients to inform them of their arrival, Mr. Flores was in fact called within 3 minutes of the coach operator's arrival. The coach operator was unable to leave a message because Mr. Flores' mailbox was full.

During MV's investigation, they noted in several of the calls that Mr. Flores has been verbally disruptive to both reservation and administrative staff. MST and MV staff are committed to providing excellent customer service and response, so we will continue to monitor Mr. Flores' trips and staff interaction to engender a more positive relationship moving forward.
