11.  NEW BUSINESS

11-1. Renew Rabobank line of credit in the amount of $1 million.
Mr. Harvath provided a background for MST’s need to secure a credit line to ensure cash flow throughout the year, citing frequent delays in state and federal funding and reimbursements for services already incurred.

Public Comment – none.

Director LeBarre made a motion to approve the renewal of MST’s existing line of credit with Rabobank, N.A. in the amount of $1,000,000 for a term of April 1, 2015 through February 28, 2016, and to authorize execution of the line of credit borrowing resolution with Rabobank. The motion was seconded by Director Stephens and passed unanimously.

12. REPORTS & INFORMATION ITEMS

12-5. Staff Trip Reports.

12-6. Correspondence.

12-7. Staff Announcements.

Public Comment – none.

Chair Downey reopened Public Comment for the benefit of those who had arrived late due to transportation issues.

MST rider, Jenn, stated that she did not miss the MST bus, but that the bus had missed her. Of the four times she has tried to take the bus to an MST board meeting, it had left without her twice. She missed the January board meeting because the meeting was not listed on the MST board meeting car card announcement. She stated that the bus stop at the senior center in Carmel needs a bench; she hopes that the JAZZ line bus stops will be retrofitted to include benches with backs. Both of these issues are dangerous for those with ADA needs. The bus stop at Del Monte Center is located at Macy’s; however, if Macy’s is not open there is no way for someone in a wheelchair who has another ADA related condition to reach the second level without climbing over 20 stairs. The only ADA access is within the ground level Macy’s elevator. The bus stop at the Westland House, which houses primarily seniors, is not near the facility’s driveway, and the driveway is nearly a mile long; most seniors cannot walk this distance. She would like future rider’s guides to include a “red cross” logo delineating bus lines serving CHOMP, and she believes the service to the hospital is insufficient.
Alberto Corona, an MST rider, thanked MST for providing a great transit system. He would like to see more accessible service to the Carmel River Beach.

MacGregor Eddy requested information on when and how members of the Measure Q Citizen Oversight Committee would be chosen. Staff will follow up with her on the process. Very soon a press release calling for interested participants would be sent out.

13. COMMENTS BY BOARD MEMBERS

13-1. Reports on meetings attended by board members at MST expense (AB1234).

13-2. Board member Comments and Announcements.

Director Beach announced that today at 1:00 p.m. FORA would begin a two-week charrette to develop its use plan guidelines.

Director Downey welcomed all new board members.

Mr. Sedoryk stated that details on the Measure Q Oversight Committee would be forthcoming. The next board agenda will also follow up on recommendations from the January Strategic Planning Session.

Director Downey asked if MST’s On Time Performance would be getting better and why the minimum performance measure was set at 75 percent. Mr. Sedoryk stated that he believed MST’s on time performance would begin to improve and that the 75 percent measure was a recommendation from auditors as conforming with Title VI guidelines.

Director Beach would like MST to research whether it is creating unrealistic expectations with its On Time Performance goal.
